Mr. Meyerle's quote of the week:

"Somehow I can't believe that there are any heights that can't be scaled by a man who knows the secret of making dreams come true. This special secret, it seems to me, can be summarized in the four c's. They are curiosity, confidence, courage and constancy, and the greatest of these is confidence. When you believe in a thing, believe in it all the way, implicitly and unquestioningly."

-Walt Disney
