Nerdy Notes from the Nurse

August is National Immunization Awareness Month. This is your reminder to get you and your children immunized. You have the power to protect your children against serious diseases like measles, cancers caused by HPV, and whooping cough. Preteens and teens need four vaccines to protect against serious diseases: meningococcal conjugate vaccine to protect against meningitis and bloodstream infections; HPV vaccine to protect against cancers caused by HPV; Tdap vaccine to protect against tetanus, diphtheria and whooping cough; and a yearly flu vaccine to protect against seasonal flu. Email me at bkotas@dillerodell.org or call the school for more questions about how easy it is to get vaccinated. Brittney Kotas, RN, School Nurse

All 7-12 Students - Activity Pass – any student out for an extra-curricular activity need to purchase their Activity Pass **ASAP!** Extra-curricular activity includes school related clubs, groups and sports. Passes are \$35 a piece with a limit of \$70 per family for those with more than two 7-12 children. No exceptions! These passes get students into all home games, conference tournaments excluded. A list of those who need one will be posted next week. Please see Renee to purchase.
