1001 General Policy Statement

The organization, management, and control of this school district is vested in its board of education (“board”). To guide the board and school district operations, and to assist it and its designees in carrying out duties, the board will establish, maintain, and amend a set of policies.

Written board policies serve the following purposes:

1. Formally articulating the board’s goals and long-term objectives.
2. Providing district administrators and staff with guidance in making decisions that affect students, employees and patrons of the district.
3. Informing the public of the manner that the board and district will conduct its business and its relationships with staff, pupils, parents and patrons.

To avoid unnecessary rigidity, these policies are stated in general terms. With the exception of statutory requirements or instances when the specific application of a policy is essential to the long-term welfare of the district, these policies are intended to provide administrators with the flexibility to apply them to a wide range of situations.

The policies are not the only guidelines for district operations. Specific regulations, procedures, and practices also help guide and govern actions and decisions. They must be consistent with policies, but serve a different purpose.

Exceptional Circumstances

The board cannot foresee every situation that may arise, and circumstances will occur when these policies provide inadequate guidance. In such circumstances, the superintendent should use his or her best judgment, and communicate with the board about the situation as soon as is convenient.

Validity of Policies

Each policy and its provision should be interpreted so that it is valid under applicable law. If a court determines that a provision of a policy is invalid, such invalidity shall not affect the remaining provisions of that policy.

Creation and Amendment of Board of Education Policies

Creation of Board Policies

Each of these policies shall become the official policy of the school district when the board has approved it by majority vote of the members present at any lawfully convened meeting of the board.

It shall generally be the practice of the board to review each policy at a regular or special board meeting before adopting or amending it at a second meeting. However, the board may, in its discretion, adopt or amend any policy at any regular or special board meeting without a prior review.

Amendment of Board Policies

The board may revise policies at a regular or special meeting if the proposed revision, addition, or amendment has been distributed to the board members in writing prior to the meeting at which it is to be adopted.

In an emergency, the board may declare an emergency and revise policies without having distributed copies of the proposed revisions to board members prior to the meeting.

Each policy shall bear the date when it was adopted, revised or reviewed.

The superintendent shall distribute copies of these policies to all members of the board, maintain a master copy in the central office, and see to it that the policies are maintained on the school district's web site.

Annual Review

The board shall review all policies at least once every three years. Nebraska statutes require an annual review of specific policies, and such policies shall be so identified. The board may update or add policies as needed. The board shall determine the number of copies of policies to be made and their distribution. The superintendent shall maintain an up-to-date master copy of the policies in the main administrative office.

Unless otherwise directed by the board, the master copy shall be considered the official district policy manual.

2001 Role of the Board of Education

The board of education (board) is charged by the Legislature with the duty of providing public elementary and secondary education to the citizens of the district. The Legislature has also created the State Board of Education and the State Department of Education, and has delegated certain regulatory and advisory functions to them. The board is responsible to these agencies as specified by law.

The board's primary duties are: (1) to establish a mission, goals, and policies; (2) to establish and maintain school facilities; (3) to select a superintendent; (4) to adopt a fiscally responsible budget; and (5) to evaluate programs.

1. Establishment of Mission, Goals and Policies

The board shall concern itself with broad questions of mission, goals and policy, rather than administrative details. The application of policies is an administrative task to be performed by the superintendent of schools and his or her administrative staff, who shall be held responsible for the effective administration and supervision of the entire school district.

2. Establishment and Maintenance of School Facilities and Other Resources

The board is the legal agency through which the community works to provide the physical facilities, curriculum, instructional supplies and staff to enable the district's mission and objectives to be carried out. The board will establish and maintain school facilities necessary to educate the students of the district.

3. Selection of the Superintendent of Schools

The board will employ a superintendent of schools as the chief executive to whom it will delegate, through policy statements and procedures for accountability, the administration of the school program. As the chief administrator for the board, the superintendent will implement board policies and supervise the day-to-day operation of the school system. The superintendent will keep the board informed of the implementation of the plans and policies, and will recommend changes to policies as necessary. The superintendent will furnish educational leadership to the board, the school staff, and the community.

4. Fiscally Responsible Budget

The board will annually adopt a fiscally responsible budget that will permit the district to accomplish its goals and objectives. The management of the financial

program and the development of the proposed budget for the district is delegated to the superintendent.

The board will work for adequate and dependable financial support of the public schools, promotion of effective and efficient organization, and administration of the district.

5. Evaluation of Program

The board will evaluate, or cause to be evaluated, the progress and results of the educational program on a continuous basis. In making these evaluations, the board will seek and give appropriate weight to the superintendent's analysis and recommendations.

Board members who enter into employment contracts with the school district must also comply with the board's policy on the employment of board members.

- b. The existence of any conflict of interest in any contract in which the board member has an interest and in which the school district is a party, or the failure to make public the board member's interest known, may render a contract null and void.

- a. Except as provided below, the board shall not authorize the use of personnel, property, resources, or funds under its jurisdiction for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- b. This does not prohibit the board from making school district facilities available to a person for campaign purposes if the identity of the candidate or the support for or opposition to the ballot question is not a factor in making the facilities available or a factor in determining the cost or conditions for use.
- c. This does not prohibit the board from discussing and voting upon a resolution supporting or opposing a ballot question.
- d. This does not prohibit the board, while legally seated as a body, from responding to specific inquiries by the press or the public as to the board's opinion regarding a ballot question or from providing information in response to a request for information.

- (1) The board may designate one or more members of its body, or one or more of its school administrators, to speak on behalf of the board on specific occasions such as public meetings or legislative hearings.
- (2) Any member of the board may present his or her personal opinion regarding a ballot question or respond to a request for information related to a ballot question; but in so doing, the person should

Any board member who would be required to take any action or make any decision in the discharge of his or her official duties that may cause financial benefit or detriment to him or her, a member of his or her immediate family, or a business with which he or she is associated, which is distinguishable from the effects of such action on the public generally or a broad segment of the public, shall take the following actions as soon as he or she is aware of such potential conflict or should reasonably be aware of such potential conflict, whichever is sooner:

2006 Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to board members, patrons, students and school staff, unless the staff member is subject to a different grievance procedure pursuant to policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth below:

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant believes speaking directly to the person would subject complainant to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, Title IX/504 coordinator, superintendent of schools, or president of the board of education, as set forth below.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, gender, marital status, disability, or age may also be submitted, at any time during the complaint procedure to the School District's Title IX/504 coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or to the Title IX/504 coordinator, the administrator or Title IX/504 coordinator shall promptly and thoroughly investigate the complaint, and shall:

- a) Determine whether the complainant has discussed the matter with the staff member involved.
 - 1) If the complainant has not, the administrator or Title IX/504 coordinator will urge the complainant to discuss the matter directly with that staff member, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the staff member, the administrator or Title IX/504 coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the administrator or Title IX/504 coordinator received the complaint.
4. A complainant who is not satisfied with the administrator's or the Title IX/504 coordinator's decision regarding a complaint may appeal the decision to the superintendent.
- a) This appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than ten (10) business days from the date the administrator or Title IX/504 coordinator communicated his/her decision to the complainant.
 - c) The superintendent will investigate as he or she deems appropriate. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.

- d) Upon completion of this investigation, the superintendent will inform the complainant in writing of his or her decision. If the complaint involved discrimination or harassment, the superintendent shall submit the decision within 180 days after the superintendent received complainant's written appeal.
5. A complainant who is not satisfied with the superintendent's decision regarding a complaint may appeal the decision to the board.
- a) This appeal must be in writing.
 - b) This appeal must be received by the board president no later than ten (10) business days from the date the superintendent communicated his/her decision to the complainant.
 - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment shall be promptly and thoroughly investigated.
 - d) The board will notify the complainant in writing of its decision. If the complaint involved discrimination or harassment, the board shall submit its decision within 180 days after it received complainant's written appeal.
 - e) There is no appeal from a decision of the board.
6. When a formal complaint about the superintendent of schools has been filed with the president of the board, the president shall promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president will urge the complainant to discuss the matter directly with the superintendent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.

- c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.
- d) Respond to the complainant. If the complaint involved discrimination or harassment, the response shall be in writing and shall be submitted within 180 days after the president received the complaint.

The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

This policy applies only to construction and contracts undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

The District will also comply with the requirements of the public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106) when the contemplated expenditure for the complete project exceeds \$100,000, the Political Subdivisions Construction Alternatives Act (NEB. REV. STAT. §§ 13-2901 through 13-2914), energy financing contracts (NEB. REV. STAT. §§ 66-1062 through 66-1066), other applicable state laws, and the board's general policy on Bidding for Construction and Related Projects. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

All projects undertaken pursuant to this policy will be subject to the following bond requirements

A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.

Construction Projects with an Anticipated Cost of Under \$150,000

Methods of Bidding/Soliciting Quotations or Estimates

The type of procedures required depends on the anticipated cost of the project.

1. Construction with an Anticipated Cost of up to \$3,500 (Micro-Purchases)

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$3,500. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy “reasonable” means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Construction with an Anticipated Cost of between \$3,500 and \$100,000 (Small Purchase Procedures)

For construction projects subject to this policy, small purchases are purchases that, in the aggregate amount, is more than \$3,500 and less than \$100,000 annually. For small purchases, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district’s standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

Construction Projects with an estimated cost of \$100,000 and over will be made pursuant to the District’s Policy on Bid Letting and Contracts.

Construction Projects with an Anticipated Cost Over \$150,000

Sealed Bids: All constructions projects subject to this policy with an anticipated cost of \$150,000 will be publicly solicited using the sealed bid method

Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids, for state, local, and tribal governments, the invitation for bids must be publically advertised;

The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;

Sealed bids will be publically opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.

The contract will be awarded to the lowest responsive and responsible

bidder.

Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest.

Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of.

Any or all bids may be rejected if there is a sound documented reason.

The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

Advertising for Bids.

The superintendent or designee will arrange to advertise for bids by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.

Nothing shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

Bid Documents

The bid documents shall identify the day upon which the bids shall be returned, received, or opened and shall identify the hour at which the bids will close or be received or opened.

The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.

Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.

If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.

Sealed bids will be opened in a place and at the specific time stated in the

bid solicitation. Bidders shall be notified of the opening and invited to be present.

Bids will be reviewed by the Superintendent and/or designee and submitted to the board for approval.

The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

General Purchasing and Procurement

Applicability of this policy.

Purchases made with federal funds, whether those funds are derived directly from the federal government (e.g. award of a federal grant) or are derived by pass-through awards from the Nebraska Department of Education (e.g. special education funds, school lunch funds, Title I funds) are subject to the policy on Purchasing and Procurement with Federal Funds, which is found elsewhere in this section.

This policy applies to all other purchases made by the school district other than construction, remodeling, repair and site improvements.

General Purchasing Policy

The school district's budget shall be the guide for all purchases. No employee of the district may make a purchase that is not provided for in the budget without board or administrative approval.

The board intends to purchase competitively, whenever possible, without prejudice and to seek maximum educational value for every dollar expended.

The acquisition of services, equipment and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district.

Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

Building-Specific Purchasing

School buildings are operationally under the control of building principals. Principals have control and responsibility for the building and grounds, for all supplies and equipment housed at the building, for all school-related activities in the building, and for all pupils, teachers, and other employees assigned to the building.

Principals, in consultation with their staff, are responsible for requisitioning, managing, distributing, and utilizing supplies within the building.

The superintendent of schools or his designee is responsible for the requisitioning, managing, distributing, and utilizing of supplies for maintenance and transportation.

The administration is responsible for purchasing of goods, services and supplies and for providing the necessary forms for establishing efficient procedures to facilitate the process.

Purchasing Procedures

School personnel must secure the approval of an authorized administrator before making any purchases.

Employees seeking reimbursement for a purchase made with their personal funds must attach an itemized receipt or invoice to all requests for reimbursement; must sign all purchase receipts or charge slips; and must submit itemized receipts and any purchasing card or credit card receipts to the office of the superintendent no later than one week prior to the next regular board meeting. A non-itemized credit card receipt is not sufficient. Employees making purchases with a school district credit card or purchasing program must comply with the steps set forth in the district's Purchasing (Credit) Card Program.

All purchases of goods and services made with district funds must be made on a properly executed purchase order.

All purchases shall be initiated with a purchase order. Purchase orders are signed by the person responsible for that particular budget and finally by the superintendent.

For purchases of more than \$5,000 authorized staff members must secure written quotes and/or estimates from a reasonable number of vendors. Staff will purchase from a responsible vendor with the lowest price unless the board approves the purchase from the more expensive vendor.

Relations with Vendors

The board wishes to maintain good working relations with vendors who supply materials, supplies and services to the school system. The school shall not extend favoritism to any vendors. Each order shall be placed on the basis of quality, price and delivery, with past services being a factor if all other considerations are equal. The administrative team may, in its discretion, use a Nebraska a state-wide cooperative purchasing program in lieu of obtaining quotes or bids under this policy to the extent such a bid or quote is not otherwise independently required by law.

No purchase shall be made that violates any conflict of interest policy or law.

No employee shall endorse any product of any type or kind in such a manner as will identify him/her in any way as an employee of the school district.

The board believes in patronizing local businesses. Consequently, when proposals are judged to be equal in terms of quality, price, and/or service, the contract or purchase will be awarded to the firm that is located within the district. However, the board will not sacrifice either quality or economy to patronize local businesses.

Fiscal Management for Purchasing and Procurement Using Federal Funds

Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

Procurement System

The District maintains the following purchasing procedures.

Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

Purchases up to \$3,500 (Micro-Purchases)

Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$3,500. Micro-purchases may be made or awarded without soliciting competitive quotations, to the

extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy “reasonable” means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

Purchases between \$3,500 and \$150,000 (Small Purchase Procedures)

Small purchases are purchases that, in the aggregate amount, is more than \$3,500 and less than \$150,000 annually. For small purchases, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district’s standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

Purchases Over \$150,000

Sealed Bids (Formal Advertising)

For purchases over \$150,000, the district will generally follow the bidding process outlined in the board’s policy on Bidding for Construction, Remodeling, Repair or Site Improvement.

Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of \$150,000, including contract modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

Noncompetitive Proposals (Sole Sourcing)

Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

The item is available only from a single source;

The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

The federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the District; or

After solicitation of a number of sources, competition is determined inadequate.

Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.

A cost or price analysis will be performed for noncompetitive proposals when the price exceeds \$150,000.

Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of

any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

Conflict of Interest and Code of Conduct

Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

Purchases covered by this policy are subject to the following additional provisions.

Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.

Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

Favors and Gifts

The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

Enforcement

Disciplinary Actions will be applied for violations of such standards by officers, employees, or agents of the District at the board's discretion.

3012 School Meal Program and Meal Charges

Meal Program. The school district will make a school meal program available to students. The cost of the program will be determined by the board of education so as to make the program as nearly self-supporting as possible. With board approval, the district may contract with a private company or corporation for the management and/or provision of the program.

The district will notify the families with children attending school of the current guidelines for free or reduced-price school meals. A copy of the complete regulations and procedures regarding reduced-price and free meals shall be available in the office of the superintendent.

Meal Charge Policy. The district will notify students and their families of the policy for **Charged Meals**, meaning meals received by a student when the student does not have money in hand or in his or her food account. This policy applies to students who receive meals at the free, reduced, or full rates.

Notice of this policy must be provided in writing to all households at the start of each school year and to households that transfer to the school during the school year. Notice may be provided through the student handbook, student registration materials, online portal used to access student accounts, direct mailing or e-mail, newsletter, the district website, and/or any other appropriate means. Notice of this policy will also be provided all school staff responsible for the enforcement of it, including food service professionals responsible for collecting payment for meals at the point of service, staff involved in notifying families of low or negative balances, and other staff involved in enforcing any aspect of this policy.

The district's policy on charged meals is:

If a student has no funds available to pay for a meal, the student will be provided and charged for a limited "courtesy meal" option, such as a plain sandwich.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law.

All other facility uses must comply with the other provisions of this policy.
 - b. These particular facilities may be used upon only one application and upon signing the district's written waiver and agreement.

 - iii.) Curriculum-related and Extracurricular student groups have priority over non-curriculum related student groups and non-student groups.
- b. Non-curriculum related student groups

Upon determining that a person or group has engaged in, or is engaging in conduct that constitutes grounds for exclusion under this policy, the superintendent shall take such action as he or she determines appropriate, including directing the person to cease engaging in the conduct or to leave the school premises or activity immediately. The superintendent may request assistance from law enforcement authorities to remove an offending person from the school grounds. A person who enters school premises in violation of these conditions shall be deemed to be trespassing.

The superintendent shall have the authority to fix the time when, and the conditions under which, the offending person may return to school premises.

- c. Non-curricular and non-student groups may charge for parking or vehicle entry onto the premises unless otherwise prohibited by the superintendent.

It is important to provide a safe environment for everyone at school while safeguarding the rights of all students, including those with high risk communicable diseases. Students are entitled to an appropriate, free public education; and students, staff and visitors are entitled to a safe, healthy environment. The first consideration in making any decision regarding a student or staff member with a high risk communicable disease must be the well-being of others in the school.

The district will monitor the information available through the Federal Centers for Disease Control and the Nebraska State Department of Health. These regulations and the procedures to implement them will be modified, if appropriate, based upon the best new medical information provided by the above sources.

A student who has been diagnosed as having a high risk communicable disease shall be provided a program of services in accordance with state law and board policy. The decision regarding the student's education program and placement shall be made on an individual basis in light of current medical and educational information and recommendations, and the superintendent's judgment.

If any information contained in any handbook conflicts with board policy or state statute, the policy or statute will govern.

Resolution of Conflicts Between Parents Over School Issues

It is in students' best educational interests to have parents work cooperatively with each other and with school personnel regarding their children's education. In certain circumstances, parents disagree with each other regarding their children's education or other issues involved with the school district. Though such disagreements typically occur with separated or divorced parents, this regulation is not limited to those circumstances.

1. Court Orders.

School personnel will neither review nor enforce court orders governing the relations between separated or divorced parents unless the court order terminates the parental rights of a parent or limits a parent to supervised visitation with minor children.

2. Obtaining Records and Conferring with Teachers.

All parents can obtain their children's records and meet with their children's teachers regardless of custody or visitation rights unless a court enters an order otherwise or their parental rights have been terminated. The district will not schedule separate parent-teacher conferences absent extraordinary circumstances.

3. Accessing a Child at School/Picking Up a Child.

Any parent whose parental rights have not been terminated or limited to supervised visitation may contact his or her child while at school or pick a child up from school at any time. School staff will neither review nor enforce visitation schedules contained in any court order to which the school district is not a party.

Sex Offenders

The safety of the students attending school is very important to the board of education. School employees, parents, and students should be aware of dangers posed by sex offenders living within the school district, and should be vigilant in providing protection against these dangers.

The Nebraska Legislature has enacted the Nebraska Sex Offender Registration Act. The Act requires sex offenders to register with the local county sheriff where they reside. The school district shall notify staff members, parents, and students of any registered sex offenders residing in the school district. Such notice shall contain information about the availability of further information on the State Patrol's web page, and shall inform the recipient of the prohibition against using the information for any retaliatory purpose against the sex offender, the offender's family, or the offender's employer. Only information deemed non-confidential pursuant to NEB. REV. STAT. §§ 29-4006 and 29-4009 will be disclosed in the aforementioned notification.

The board does not generally permit registered sex offenders to school grounds, at any school sponsored activity, or on any property under the control of the school district. The superintendent or his/her designee is hereby empowered to notify sex offenders of this policy and to grant limited permission to attend certain activities on a case-by-case basis.

Students who are registered sex offenders shall not be precluded from receiving a free education from the school district on that basis. The school district will consider a student's status as a registered sex offender in determining the student's educational placement and program.

Construction Management at Risk Contracts

This policy is adopted pursuant to the Political Subdivisions Construction Alternatives Act (NEB. REV. STAT. § 13-2901 through § 13-2914).

The board shall adopt a resolution by a two-thirds affirmative vote selecting the construction management at risk contract delivery system prior to proceeding with any of the steps involved with solicitation or execution of any construction contract.

Definitions. For purposes of this policy:

1. Construction management at risk contract means a contract by which a construction manager (a) assumes the legal responsibility to deliver a construction project within a contracted price to the school district, (b) acts as a construction consultant to the school district during the design development phase of the project when the school district's architect or engineer designs the project, and (c) is the builder during the construction phase of the project;
2. Construction manager means the legal entity which proposes to enter into a construction management at risk contract pursuant to the Act;
3. Proposal means an offer in response to a request for proposals by a construction manager to enter into a construction management at risk contract for a project pursuant to the act;
4. Request for proposals means the documentation by which a school district solicits proposals; and
5. School district means Diller-Odell Public Schools.

Procedures.

1. Procedures for the preparation and content of requests for proposals shall include the following:
 - A. At least thirty days prior to the deadline for receiving and opening proposals, notice of the request for proposals shall be published in a newspaper of general circulation within the school district and filed with the State Department of Education. The request for proposals shall contain, at a minimum, the following elements:
 1. The identity of the school district for which the project will be built and the school district that will execute the contract;

2. Policies adopted by the school district pursuant to the Act;
 3. The proposed terms and conditions of the contract, including any terms and conditions which are subject to further negotiation. The proposed general terms and conditions shall be consistent with nationally recognized model general terms and conditions which are standard in the design and construction industry in Nebraska. The proposed terms and conditions may set forth an initial determination of the manner by which the construction manager selects any subcontractor and may require that any work subcontracted be awarded by competitive bidding;
 4. Any bonds and insurance required by law or as may be additionally required by the school district;
 5. General information about the project which will assist the school district in its selection of the construction manager, including a project statement which contains information about the scope and nature of the project, the project site, the schedule, and the estimated budget;
 6. The criteria for evaluation of proposals and the relative weight of each criterion; and
 7. A description of any other information which the school district chooses to require.
2. Procedures for the preparation and submission of proposals by the construction manager shall be determined on a project-by-project basis and included within the requests for proposals.
 3. Procedures for evaluating requests for proposals submitted to the school district by a construction manager shall include the following:
 - A. The school district shall refer the proposals for recommendation to a selection committee. The selection committee shall be a group of at least five persons designated by the school district. Members of the selection committee shall include (1) members of the school board, (2) members of the school administration or staff, (3) the school's architect or engineer (4) any person having special expertise relevant to selection of a construction manager under the Act, and (5) a resident of the school district other than an individual included in subdivisions (1) through (4) of this subsection. A member of the selection committee designated under subdivision (4) or (5) of this subsection shall not be employed by or have a

financial or other interest in a construction manager who has a proposal being evaluated and shall not be employed by the school district or the school's architect or engineer.

B. The selection committee and the school district shall evaluate proposals taking into consideration the criteria enumerated in subdivisions (1) through (7) of this subsection with the maximum percentage of total points for evaluation which may be assigned to each criterion set forth following the criterion. The following criteria shall be evaluated, when applicable:

- (1) The financial resources of the construction manager to complete the project **(up to ten percent)**;
- (2) The ability of the proposed personnel of the construction manager to perform **(up to thirty percent)**;
- (3) The character, integrity, reputation, judgment, experience, and efficiency of the construction manager **(up to thirty percent)**;
- (4) The quality of performance on previous projects **(up to thirty percent)**;

- (6) The previous and existing compliance of the construction manager with laws relating to the contract **(up to ten percent)**; and
- (7) Such other information as may be secured having a bearing on the selection **(up to twenty percent)**.

The records of the selection committee in evaluating proposals and making recommendations shall be considered public records for purposes of NEB. REV. STAT. § 84-712.01.

C. The school district shall then evaluate and rank each proposal on the basis of best meeting the criteria in the request for proposals and taking into consideration the recommendation of the selection committee.

4. Procedures for negotiations between the school district and the construction managers submitting proposals prior to the acceptance of a

proposal if any such negotiations are contemplated shall include the following:

- A. The school district may attempt to negotiate a construction management at risk contract with the highest ranked construction manager and may enter into a construction management at risk contract after negotiations.
 - B. The negotiations shall include a final determination of the manner by which the construction manager selects a subcontractor.
 - C. If the school district is unable to negotiate a satisfactory contract with the highest ranked construction manager, the school district may terminate negotiations with that construction manager. The school district may then undertake negotiations with the second highest ranked construction manager and may enter into a construction management at risk contract after negotiations.
 - D. If the school district is unable to negotiate a satisfactory contract with the second highest ranked construction manager, the school district may undertake negotiations with the third highest ranked construction manager, if any, and may enter into a construction management at risk contract after negotiations.
 - E. If the school district is unable to negotiate a satisfactory contract with any of the ranked construction managers, the school district may either revise the request for proposals and solicit new proposals or cancel the construction management at risk process under the act.
 - F. If the school district is able to negotiate a satisfactory contract with a construction manager, the school district shall file a copy of all construction management at risk contract documents with the State Department of Education within thirty days after their full execution. Within thirty days after completion of the project, the construction manager shall file a copy of all contract modifications and change orders with the State Department of Education.
5. Procedures for filing and acting on formal protests relating to the solicitation or execution of construction management at risk contracts shall include the following:
- A. Definitions.
 - (1) Interested party shall mean an actual or prospective bidder whose direct economic interest would be affected by the award of a contract by the school district to another party or by the failure of the school district to award a contract to such actual or prospective bidder.
 - (2) Protest shall mean a written objection by an interested party

on any phase of the bidding process, including specification, preparation, bid solicitation, and intent to award.

B. Right to Protest. An interested party may protest to the Superintendent. The protest shall be submitted in writing on company letterhead within five working days after public notice of the bid. Protests based on alleged apparent improprieties in a solicitation or other request for proposals must be filed before bid opening or the closing date for receipt of proposals. In all other cases, the protest must be filed within five working days following the selection of the construction manager. To expedite handling of protests, the envelope containing the protest should be clearly labeled "Protest". The written protest shall include as a minimum the following:

- (1) The name and address of the interested party;
- (2) Appropriate identification of the relevant solicitation, and if a bid has been opened, its number, and date of opening;
- (3) A detailed statement of reasons for the protest;
- (4) Supporting, exhibits, evidence, or documents to substantiate any claims unless not available within the filing time, in which case the expected availability date shall be indicated; and a list of all persons who have knowledge of facts relevant to the protest; and
- (5) The action(s) the protestor desires the school district to take to resolve the protest.

The Superintendent will immediately decide upon receipt of the protest whether or not the award of a contract shall be delayed, or if the protest is timely received after the award, whether the performance of the contract should be suspended. The school district shall not proceed further with the solicitation or with the award of the contract and shall suspend performance under the contract, if awarded, unless the Superintendent makes a written determination that the protest is clearly without merit or that award of the contract without delay is necessary to protect the substantial interests of the school district.

C. Authority to Resolve Protests. Prior to the commencement of an administrative review by the Board concerning any protest, the Superintendent shall attempt to resolve any protest filed by an interested party concerning any solicitation. If the protest is not

resolved by mutual agreement, the Superintendent shall create and deliver a Decision to the protestor within a reasonable time after the written protest was received. The Decision shall include a written summary of the Superintendent's investigation and a recommendation regarding the outcome of the protest. The Decision shall (1) state the reasons for the action taken, and (2) inform the interested party of their right to the administrative review by the Board. A copy of the Decision shall be mailed or otherwise furnished immediately to the interested party and any other party intervening protestor and all other bidders. If not satisfied with the decision of the Superintendent, any interested party protestor may appeal to the Board, but the decision shall be final unless the interested party protestor files a timely appeal with the Board.

D. Board Appeal Procedures. Any interested party protestor, within five working days of receipt of a decision of the Superintendent, may file with the Superintendent a written notice of appeal for an administrative review before the Board. The Notice of Appeal must clearly state the action protested and the basis of appeal. The Board will conduct an administrative review at its next regularly scheduled meeting or at a special meeting. The school district board of education shall consider the Decision of the Superintendent and shall make the final decision on the protest. The school district board of education's decision shall be final.

6. A construction management at risk contract may be conditioned upon later refinements in scope and price and may permit the school district in agreement with the construction manager to make changes in the project without invalidating the contract. Later refinements shall not exceed the scope of the project statement contained in the request for proposals.

Prohibitions. The school district shall not use a construction management at risk contract for any construction project excluded by NEB. REV. STAT. § 13-2914 or any other applicable law.

1. Board means the District's Board of Education.
2. Department means the Nebraska Department of Education.
3. Design-Build Contract (DB Contract) means a contract which is subject to qualification-based selection between the District and a Design-Builder to furnish (a) architectural, engineering, and related design services for a project pursuant to the Nebraska Political Subdivisions Construction Alternatives Act (Act) and (b) labor, materials, supplies, equipment, and construction services for a project pursuant to the Act.
4. Design-Builder means a legal entity which proposes to enter into a DB Contract which is subject to qualification-based selection pursuant to the Act.
5. District means Diller-Odell Public Schools.
6. NEARA means the Nebraska Engineers and Architects Regulation Act.
7. Performance-Criteria Developer (PCD) means any person licensed or any organization issued a certificate of authorization to practice architecture or engineering pursuant to the NEARA who is selected by the District pursuant to this policy to assist the District in the development of Project Performance Criteria, Requests For Proposals, evaluation of Proposals, evaluation of construction under a DB Contract to determine adherence to the Project Performance Criteria, and any additional services requested by the District to represent its interests in relation to a project.
8. Project Performance Criteria means the performance requirements of the project suitable to allow the Design-Builder to make a Proposal. Performance requirements include the following, if required by the project: capacity, durability, standards, ingress and egress requirements, description of the site, surveys, soil and environmental information concerning the site, interior space requirements, material quality standards, design and construction schedules, site development requirements, provisions for utilities, storm weather

retention and disposal, parking requirements, applicable governmental code requirements, and other criteria for the intended use of the project.

9. Proposal means an offer in response to a Request For Proposals (“RFP”) by a Design-Builder to enter into a DB Contract for a project pursuant to the Act.

10. Act means the Nebraska Political Subdivisions Construction Alternatives Act.

11. Request for Proposals (RFP) means the documentation by which the District solicits Proposals.

12. Superintendent means the District’s Superintendent of Schools.

Procedures. The District shall follow the procedures below in connection with any DB Contract.

1. Rules and Procedures for Selecting and Hiring a PCD for a Specific Project.

A. The District shall encourage eligible persons or organizations who desire to provide services to the District as a PCD to submit a statement of qualifications and performance data to the District. At least thirty days prior to selecting and hiring a PCD, the District shall publish notice in a newspaper of general circulation in the District that it is seeking a PCD for a design-build project. The notice shall include the following:

- (1) A general description of the Design-Build project;
- (2) Directions regarding how interested persons or organizations can apply for consideration by the District;
- (3) The date by which persons or organizations must submit their applications; and
- (4) A statement that any person or organization applying for consideration by the District must obtain a copy of the District’s Design-Build Contract Policy from the Superintendent.

B. To apply to be the District’s PCD, applicants must submit a current statement of qualifications and performance data to the District. The statement of qualifications must include evidence that the applicant is licensed or certified to practice architecture or engineering pursuant to the NEARA. Applicants must update any information provided to the District to reflect any changed conditions of the applicant.

C. Applicants shall first be certified by the Superintendent as qualified to act as a PCD for the District. In order to certify an applicant, the Superintendent shall make a finding that a PCD is fully qualified to render the required service. Factors to be considered in making this finding shall include capabilities to perform, adequacy of personnel,

past record and performance, and experience; and may also include consideration of recent, current, and projected workloads; experience; equipment and facilities; promptness, and the quality of work previously done by applicant; suitability to the particular task; willingness to meet time and budget requirements; and such other qualities as are found necessary to consider in order to determine whether or not, if awarded the contract, the applicant could perform it strictly in accordance with its terms capabilities to perform.

- D. The Board shall evaluate each qualified applicant's current statement of qualifications and performance data. The Board shall conduct discussions with, and may require public presentations by no less than three applicants regarding their qualifications, approach to the project, ability to furnish the required service, and other factors identified above.
- E. The Board shall select, in order of preference, at least three applicants deemed to be most highly qualified to perform the required services after considering the factors outlined above.
- F. The Board shall negotiate a contract with the most qualified applicant for compensation which the Board determines is fair and reasonable. In making this determination, the Board shall conduct a detailed analysis of the cost of the professional services required in addition to considering their scope and complexity. For all lump-sum or cost-plus-a-fixed-fee professional service contracts, the Board shall require the applicant receiving the award to execute a certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. Any contract under which such a certificate is required shall contain a provision that the original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the Board determines the contract price had been increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such contract adjustments shall be made within one year following the end of the contract.
- G. If the Board is unable to negotiate a satisfactory contract with the applicant considered to be the most qualified at a price the Board determines to be fair and reasonable, it shall terminate negotiations with that applicant. The Board may then undertake negotiations with the second most qualified applicant. If the Board fails to reach an agreement with the second most qualified applicant, it shall terminate negotiations with that applicant. The Board shall then undertake negotiations with the third most qualified applicant.

- H. If the Board is unable to negotiate a satisfactory contract with any of the selected applicants, it shall either select additional applicants in order of their competence and qualification and continue negotiations in accordance with this policy until an agreement is reached or review the agreement under negotiation to determine the possible cause for failure to achieve a negotiated agreement.
- I. The Board may designate a committee to carry out any or all of the Board's duties under the PCD selection section of this policy, provided that the Board must approve any agreement with an applicant prior to its execution. Any such committee must have among its membership at least one person who is licensed to practice architecture or engineering pursuant to the NEARA.
- J. The public shall not be excluded from the meetings or proceedings under this section of this policy in accordance with the Open Meetings Act.
- K. The contract between the District and the PCD shall contain a prohibition against contingent fees as follows: "The PCD warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the PCD, to solicit or secure this agreement and that the PCD has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the PCD, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the award or the making of this agreement." Upon violation of such provision, the District shall have the right to terminate the agreement without liability and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, or consideration.
- L. The PCD is ineligible to be included as a provider of any services in a Proposal for the project on which it has acted as a PCD.
- M. A PCD may not be employed by or may not have a financial or other interest in a Design-Builder that will submit a Proposal.

2. Procedures and standards to be used to prequalify Design-Builders.

- A. The District, with the help of the PCD, shall prepare a request for letters of interest. The request for letters of interest shall:
 - (1) Describe the project in sufficient detail to permit a Design-Builder to submit a letter of interest;

- (2) Be published in a newspaper of general circulation within the District at least 30 days prior to the deadline for receiving letters of interest; and
- (3) Be sent by first-class mail to any Design-Builder upon request.

B. Letters of interest shall be reviewed by the District in consultation with the PCD. The District and the PCD will evaluate prospective Design-Builders based on the information submitted to the District in response to the request for letters of interest.

C. The District shall select at least three prospective Design-Builders, except that if only two Design-Builders have submitted letters of interest, the District shall select at least two prospective Design-Builders. Such selected Design-Builders shall be considered prequalified and eligible to receive and respond to the RFP.

D. The District and PCD shall use the following standards when selecting which prospective Design-Builders to prequalify: capabilities to perform, adequacy of personnel, past record and performance, and experience; and may also include consideration of recent, current, and projected workloads; experience; equipment and facilities; promptness, and the quality of work previously done by applicant; suitability to the particular task; willingness to meet time and budget requirements; and such other qualities as are found necessary to consider in order to determine whether or not, if awarded the contract, the applicant could perform it strictly in accordance with its terms capabilities to perform.

3. Procedures for the preparation and content of RFPs.

- (2) A copy of this Design-Build Contract Policy and all other policies adopted by the District relating to the DB Contract;
- (3) The proposed terms and conditions of the DB Contract, including any terms and conditions which are subject to further negotiation. The proposed general terms and conditions shall be consistent with nationally recognized model general terms and conditions which are standard in the design and construction industry in Nebraska. The proposed terms and conditions may set forth an initial determination of the manner by which the Design-Builder selects any subcontractor and may require that any work subcontracted be awarded by competitive bidding;

- (4) A project statement which contains information about the scope and nature of the project;
- (5) Project Performance Criteria;
- (6) Budget parameters for the project;
- (7) Any bonds or insurance required by law or as may be additionally required by the District;
- (8) The criteria for evaluation of Proposals and the relative weight of each criterion;
- (9) A requirement that the Design-Builder provide a written statement of its proposed approach to the design and construction of the project, which may include graphic materials illustrating the proposed approach to design and construction but shall not include price proposals;
- (10) A requirement that the Design-Builder agree to the following conditions:
 - (i) An architect or engineer licensed to practice in Nebraska will participate substantially in those aspects of the offering which involve architectural or engineering services;
 - (ii) At the time of the design-build offering, the Design-Builder will furnish to the Board a written statement identifying the architect or engineer who will perform the architectural or engineering work for the design-build project;
 - (iii) The architect or engineer engaged by the Design-Builder to perform the architectural or engineering work with respect to the design-build project will have direct supervision of such work and may not be removed by the Design-Builder prior to the completion of the project without the written consent of the Board;
 - (iv) A Design-Builder offering design-build services with its own employees who are design professionals licensed to practice in Nebraska will: (a) comply with the NEARA by procuring a certificate of authorization to practice architecture or engineering and (b) submit proof of sufficient professional liability insurance; and
 - (v) The rendering of architectural or engineering services by a licensed architect or engineer employed by the Design-Builder will conform to the NEARA and rules and regulations adopted under the Act; and

5. Procedures for evaluating Proposals.

- A. The District may only proceed to negotiate and enter into a DB Contract if there are at least two proposals from prequalified Design-Builders.
- B. The District shall refer the proposals for recommendation to a selection committee. The selection committee shall be a group of at least five persons designated by the District. Members of the selection committee shall include (1) members of the school board, (2) members of the school administration or staff, (3) the school's architect or engineer (4) any person having special expertise relevant to selection of a design-builder under the Act, and (5) a resident of the District other than an individual included in subdivisions (1) through (4) of this subsection. A member of the selection committee designated under subdivision (4) or (5) of this subsection shall not be employed by or have a financial or other interest in a design-builder who has a proposal being evaluated and shall not be employed by the District or the school's architect or engineer.
- C. The selection committee and the District shall evaluate proposals taking into consideration the criteria enumerated in subdivisions (1) through (7) of this subsection with the maximum percentage of total points for evaluation which may be assigned to each criterion set forth following the criterion. The following criteria shall be evaluated, when applicable:

The records of the selection committee in evaluating proposals and making recommendations shall be considered public records for purposes of NEB. REV. STAT. § 84-712.01.

- D. The District shall then evaluate and rank each proposal on the basis of best meeting the criteria in the request for proposals and taking into consideration the recommendation of the selection committee.

6. Procedures for Negotiations between the District and Design-Builders Submitting Proposals Prior to the District's Acceptance of a Proposal.

- A. The District may attempt to negotiate a DB Contract with the highest ranked Design-Builder selected by the Board and may enter into a DB Contract after negotiations.
- B. The negotiations shall include a final determination of the manner by which the design-builder selects a subcontractor.
- C. If the District is unable to negotiate a satisfactory DB Contract with the highest ranked Design-Builder, it may terminate negotiations with that Design-Builder. The District may then undertake negotiations with the second highest ranked Design-Builder and may enter into a DB Contract with that Design-Builder after negotiations.
- D. If the District is unable to negotiate a satisfactory DB Contract with the second highest ranked Design-Builder, it may terminate negotiations

with that Design-Builder. The District may then undertake negotiations with the third highest ranked Design-Builder, if any, and may enter into a DB Contract with that Design-Builder after negotiations.

- E. If the District is unable to negotiate a satisfactory DB Contract with any of the ranked Design-Builders, it may either revise the RFP and solicit new Proposals or cancel the design-build process.
- F. If the District is able to negotiate a satisfactory contract with a design-builder, the District shall file a copy of all design-build contract documents with the State Department of Education within thirty days after their full execution. Within thirty days after completion of the project, the design-builder shall file a copy of all contract modifications and change orders with the State Department of Education.

7. Procedures for Filing and Acting on Formal Protests Relating to the Solicitation or Execution of DB Contracts.

A. Definitions.

- (2) Protest shall mean a written objection by an interested party on any phase of the bidding process, including specification, preparation, bid solicitation, and intent to award.

B. Right to Protest. An interested party may protest to the Superintendent. The protest shall be submitted in writing on company letterhead within five working days after public notice of the bid. Protests based on alleged apparent improprieties in a solicitation or other request for proposals must be filed before bid opening or the closing date for receipt of proposals. In all other cases, the protest must be filed within five working days following the selection of the design-builder. To expedite handling of protests, the envelope containing the protest should be clearly labeled "Protest". The written protest shall include as a minimum the following:

- (1) The name and address of the interested party;
- (2) Appropriate identification of the relevant solicitation, and if a bid has been opened, its number, and date of opening;
- (3) A detailed statement of reasons for the protest;
- (4) Supporting, exhibits, evidence, or documents to substantiate any claims unless not available within the filing time, in which case the expected availability date shall be indicated; and a list of all persons who have knowledge of facts relevant to the protest; and

- (5) The action(s) the protestor desires the school district to take to resolve the protest.

The Superintendent will immediately decide upon receipt of the protest whether or not the award of a contract shall be delayed, or if the protest is timely received after the award, whether the performance of the contract should be suspended. The school district shall not proceed further with the solicitation or with the award of the contract and shall suspend performance under the contract, if awarded, unless the Superintendent makes a written determination that the protest is clearly without merit or that award of the contract without delay is necessary to protect the substantial interests of the District.

- C. **Authority to Resolve Protests.** Prior to the commencement of an administrative review by the Board concerning any protest, the Superintendent shall attempt to resolve any protest filed by an interested party concerning any solicitation. If the protest is not resolved by mutual agreement, the Superintendent shall create and deliver a Decision to the protestor within a reasonable time after the written protest was received. The Decision shall include a written summary of the Superintendent's investigation and a recommendation regarding the outcome of the protest. The Decision shall (1) state the reasons for the action taken, and (2) inform the interested party of their right to the administrative review by the Board. A copy of the Decision shall be mailed or otherwise furnished immediately to the interested party and any other party intervening protester and all other bidders. If not satisfied with the decision of the Superintendent, any interested party protester may appeal to the Board, but the decision shall be final unless the interested party protester files a timely appeal with the Board.
- D. **Board Appeal Procedures.** Any interested party protester, within five working days of receipt of a decision of the Superintendent, may file with the Superintendent a written notice of appeal for an administrative review before the Board. The Notice of Appeal must clearly state the action protested and the basis of appeal. The Board will conduct an administrative review at its next regularly scheduled meeting or at a special meeting. The school district board of education shall consider the Decision of the Superintendent and shall make the final decision on the protest. The school district board of education's decision shall be final.

8. Refinements and Changes. A DB Contract may be conditioned upon later refinements in scope and price and may permit the District, in agreement with

the Design-Builder, to make changes in the project without invalidating the DB Contract. Later refinements shall not, however, exceed the scope of the project statement contained in the RFP.

9. Projects Excluded. The District shall not use a design-build contract for any construction project excluded by NEB. REV. STAT. § 13-2914 or any other applicable law.

Incidental or De Minimis Use of Public Resources

The board prohibits its members and employees from using public resources for personal or political purposes as prohibited in the Nebraska Political Accountability and Disclosure Act (“Act”). However, the board recognizes that incidental or de minimis uses of public resources are sometimes necessary and within reason. The purpose of this policy is to comply with the Act and to authorize certain uses of public resources as permitted by the Act.

The following uses of public resources are permitted as incidental or de minimis:

- Limited communications with family members or other non-district employees for personal purposes, such as e-mails or text messages with a spouse using district hardware, software, internet, accounts, or other public resources so long as this communication does not distract from or interfere with employees performing their official duties, with interference determined in the sole and unfettered discretion of an employee’s supervising administrator;
- Traveling to or from the person’s home when the primary purpose serves the interests of the district. If an employee is unsure whether the primary purpose serves the interests of the district, the employee should obtain the approval of his or her supervising administrator, who is authorized to make that determination under this policy;
- Making a limited number of copies of personal documents when the person cannot make alternative arrangements;
- Using personal social media accounts or accessing appropriate websites which are consistent with the district’s digital citizenship curriculum while off duty;
- Using district-owned computer programs, such as Word, Excel, Adobe, and others for personal purposes while off duty;
- Any other uses contained in the collective bargaining agreement or individual contract of the employee;
- Other uses by employees authorized by the superintendent or superintendent’s designee. The board intends to allow the superintendent to authorize such uses on a case-by-case basis to the maximum extent permitted by the Act; and
- Other uses by the superintendent or board members authorized by the board president. The board intends to allow the board president to authorize such uses on a case-by-case basis to the maximum extent permitted by the Act

All uses pursuant to this policy must be (1) consistent with other district policies, (2) consistent with the provisions of Title 92, Nebraska Administrative Code, Chapter 27 (Nebraska Department of Education “Rule 27”), and (3) reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. It is the responsibility of each board member or employee to account for their own tax liability, and the district will not indemnify or account for any personal use of public

resources by the board member or employee.

All of the provisions of Rule 27 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

Use of Sniffer Dogs

The board of education finds that the possession of illegal drugs and other contraband on school grounds is unlawful, is disruptive of the educational process, is harmful to students and staff, and is contrary to the interests of the school district. Accordingly, to minimize the presence of these items on school grounds, the administration is authorized to use sniffer dogs according to the protocol set forth in this policy.

Protocol for Use of Sniffer Dogs

1. The superintendent, or the building principal with the superintendent's permission, may initiate the use of specially trained sniffer dogs to conduct an inspection.
2. The administration will contact the canine provider and/or the appropriate law enforcement agency to schedule the use of a sniffer dog or dogs. The administration shall require an assurance from the provider that any sniffer dogs to be used in the school have been properly trained, and may request evidence of the training and/or certification of the dogs. In no event will the school district authorize a sniffer dog to sniff any person.
3. The superintendent or if designated by the superintendent, the building principal, and law enforcement representatives or canine provider will confer regarding the specific plan of areas to be inspected. The plan may involve any or all school building facilities, vehicles in the school parking lot, or other areas where student and staff vehicles are parked on school property during or after school hours.
4. If the inspection is scheduled for a day when school is in session, students and staff will be informed over the public address system, and will be directed to remain in their rooms until given further directions.
5. During the inspection, administrators may assign personnel to designated areas as deemed appropriate to assist in the smooth handling of the inspection.
6. After the inspection is finished, students and staff will be notified over the public address system, and will be thanked for their cooperation.

7. If the sniffer dog alerts, the alert will constitute reasonable cause for the administration to conduct a search of the property. If the sniffer dog alerts on a vehicle on school grounds, the owner will be required to unlock the vehicle doors and trunk for further inspection of the interior of the vehicle. If the owner refuses to unlock the vehicle, the matter will be turned over to law enforcement authorities. The owner will be subject to disciplinary action as specified in board policy and/or the student or staff handbook or as otherwise allowed by law. This may include discipline for the refusal to obey an administrative directive.

8. Any illegal drugs or contraband found on school grounds, whether in a desk, locker, vehicle, or any other place on school grounds, will be confiscated and turned over to law enforcement authorities. A student's parents will be contacted. The individual will be subject to disciplinary action as specified in board policy and/or the student or staff handbook or as otherwise allowed by law.

9. At the conclusion of the inspection, school officials will confer with the canine provider and/or any law enforcement authorities who were involved in the inspection to review the results of the inspection. The administration may authorize any follow-up inspections or other action deemed appropriate.

NOTICE TO STUDENTS AND STAFF

Students and staff shall be informed of the District's policy regarding the use of sniffer dogs as soon as practicable after the adoption of this policy. Thereafter, students and staff shall be informed of the policy at the beginning of the school year. By this policy and/or via the provision in the student or staff handbook, students and staff are specifically notified that:

1. Lockers may be sniffed by sniffer dogs at any time.
2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.
3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
4. If contraband of any kind is found, the student or staff member shall be subject to appropriate disciplinary action.

3046 Service Animals

Animals are not allowed in school district buildings or on school district property without the written permission of the superintendent except as provided in this policy.

The school district does not permit discrimination against individuals with disabilities, including those who require the assistance of a service animal. An individual with a disability is permitted to be accompanied by his/her service animal on school property when required by law, subject to the conditions of this policy.

Service Animal. A “service animal” is a dog that has been individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Work or tasks **do not** include the crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort, or companionship. The work or tasks performed by a service animal must be directly related to the handler’s disability or necessary to mitigate a disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. **See also**, Miniature Horses below.

School District Inquiries. School officials **may** ask the owner or handler of an animal whether the animal is required because of a disability and what work or task the animal has been trained to do **unless** the answers to these inquiries are readily apparent. School officials **may not** ask about the nature or extent of a person’s disability and may not require documentary proof of certification or licensing as a service animal.

Procedural Requirements. The following requirements must be satisfied **before** a service animal will be allowed in school buildings or on school grounds:

Request. A person who wants to be accompanied by his/her service animal must submit a written request form to a principal or superintendent. The request form is attached to this policy. These requests must be renewed each school year or whenever a different service animal will be used.

Health and Vaccination. The service animal must be in good health and immunized against diseases common to that type of animal. The owner or handler of the animal must submit proof of current licensure from the local licensing authority and proof of the service animal’s current vaccinations and immunizations from a licensed veterinarian.

Service animals will not be allowed in school buildings or other school property until the school has approved the request.

Control. A service animal must be under the control of its handler at all times. The service animal must have a harness, backpack, vest identifying the dog as a trained service dog, leash, or other tether. If the handler is unable to use a harness, backpack, vest, leash, or other tether, because of a disability or the use of a harness, backpack, vest, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, the use of these items is not required. However, the service animal must be otherwise under the handler's control.

Exclusion or Removal from School. A service animal may be excluded from school property and buildings if a school administrator determines that:

- (1) A handler does not have control of the service animal;
- (2) The service animal is not housebroken;
- (3) The service animal presents a direct and immediate threat to others in the school; or
- (4) The animal's presence fundamentally alters the nature of the service, program, or activity.

The handler or the student's parent or guardian shall be required to remove the service animal from school premises immediately upon such a determination. If the service animal is removed, the individual with a disability shall be provided with the opportunity to participate in the service, program, or activity without the service animal.

Allergic Reactions. If any student or school employee assigned to a classroom or mode of transportation in which a service animal is permitted suffers an allergic reaction to the service animal, the person having custody and control of the animal will be required to remove the animal to a different location designated by an administrator. The school will arrange a meeting between school personnel, the individual with the disability, and the parents or guardian(s) of the person with the disability if that person is a student to develop an alternate plan.

Supervision and Care of Service Animals. The owner or handler of a service animal is solely responsible for the supervision and care of the animal, including any feeding, exercising, and clean up while the animal is in a school building or on school property. The student's parent or guardian is responsible for providing for the supervision and the care of the animal in the event that his or her student is not able to do so. The school district is not responsible for providing any care, supervision, or assistance for a service animal.

Extra Charges. The owner or handler of a service animal will not be required to pay an admission fee or a charge for the animal to attend events for which a fee is charged.

Damage to School Property and Injuries. The owner or handler of a service animal is solely responsible and liable for any damage to school property or injury to personnel, students, or others caused by the animal.

Miniature Horses. Requests to permit the use of a miniature horse by an individual with a disability will be addressed on a case-by-case basis by considering the following factors:

- (1) The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- (2) Whether the handler has sufficient control of the miniature horse;
- (3) Whether the miniature horse is housebroken; and
- (4) Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

All additional requirements outlined in this policy, which apply to service animals, shall apply to miniature horses.

Service Animal in Training. This policy shall also be applicable to service animals in training that are accompanied by a bona fide trainer.

Denial of Access and Grievance. If a school official denies a request for access of a service animal, the disabled individual or parent or guardian can file a written grievance with the school's Section 504 Coordinator.

4002 Drug Free Workplace

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety and morale of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this school district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined with measures up to and including discharge. The district may, in its sole discretion, require or allow an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy, and shall provide each newly hired employee with a copy upon hiring. All district employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

Within five days after a conviction, an employee must notify the head of the department in which he or she is assigned of any conviction of a criminal drug statute for a violation occurring in the workplace. The failure to report such a conviction will result in dismissal. If the employee convicted of such an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

An employee who is convicted of violating any criminal drug statute for conduct that occurred in the workplace will be subject to disciplinary action, including but not limited to suspension or discharge. The district may, in its sole discretion, require the employee to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

4003 Drug Policy Regarding Drivers

Policy Statement. Drivers for the school district must be free from drug and alcohol abuse, and the use of illegal drugs or improper use of alcohol is prohibited. The overall goal of drug and alcohol testing is to insure a drug-free and alcohol-free transportation environment, and to reduce accidents, injuries and fatalities.

Types of Testing. Pursuant to regulations promulgated by the Department of Transportation (DOT), the district has implemented four types of testing: (1) pre-employment testing, (2) reasonable cause testing, (3) post-accident testing and (4) random testing.

Refusal to Submit to Testing. The refusal to submit to the testing used by the district will be grounds for refusal to hire driver applicants and to terminate the employment of existing drivers. Any driver who becomes unqualified on the basis of violation of the terms of this policy will be subject to disciplinary action which may include termination of the driver's employment.

Disqualification. Any applicant who tests positive for the presence of the following drugs is medically unqualified to drive and will not be considered for the position of driver: (1) marijuana, (2) cocaine, (3) opiates, (4) amphetamines, or (5) phencyclidine (PCP), or other drugs deemed illegal. Any district driver who tests positive shall be medically unqualified and removed from service immediately.

Pre-employment Testing. All applicants for employment must submit to drug and alcohol tests as a condition of being considered for employment.

Reasonable Cause Testing. The district shall have reasonable cause to require a driver to submit to drug testing when a driver manifests physical or physiological symptoms or reactions commonly attributed to the use of controlled substances or alcohol.

Post-Accident Testing. A driver who has been involved in a reportable accident must submit to drug and alcohol testing as soon as possible. A reportable accident includes any accident in which there is a fatality, a person is injured and must be treated away from the accident site, the driver receives a citation for a moving violation, or a vehicle is towed from the scene. The driver must notify the

district immediately regarding any reportable accident.

Serious Injury to the Driver. If a driver is so seriously injured that he or she cannot submit to testing at or immediately after the time of the accident, the driver must provide the necessary authorization for the district to obtain hospital reports or other documents that would indicate whether there were controlled substances or alcohol in the driver's system.

Random Testing. All drivers will be subject to unannounced random testing for drugs and alcohol. The district or its agents will periodically select drivers at random for testing. A district official will notify a driver when his or her name has been selected and will instruct the driver to report immediately for testing. By its very nature, random selection may result in one driver being tested more than once in a 12-month period, while another driver may not be selected at all during the same 12 months.

Testing Procedure. All urine and blood specimens collected under the policy will be submitted to an approved laboratory for testing. Specimens that initially test positive for drugs will be subjected to a subsequent confirmation test before being reported by the laboratory as positive.

Confidentiality. Pursuant to DOT regulations, individual test results for applicants and drivers will be released to the district and will be kept confidential unless the tested individual consents to their release. Any person who has submitted to drug testing in compliance with this policy is entitled to receive the results of such testing upon timely written request.

Retesting. An individual who tested positive for the presence of drugs may request that the original sample be retested. The request for a retest must be submitted in writing on a form provided by the district within 3 working days of the district's notification to the individual that he or she has a positive test result. The individual making the request must pay all costs associated with the retest and transfer of the sample to another laboratory before the retest will be performed.

Employment of Relatives, Domestic Partners and Significant Others

It is in the school district's best interest to hire the best qualified candidate for employment. However, the district must use sound judgment in hiring and placing employees who are closely related, reside together as domestic partners, or are involved in close relationships for the following reasons: avoiding conflict of interest and the appearance of a conflict of interest; avoiding favoritism and the appearance of favoritism; promoting collegiality among employees; minimizing lost productivity; easing the task of managing employees; avoiding friction and conflict when marriages or relationships break down; and avoiding claims of sexual harassment.

For the purposes of this policy, the term "relative" refers to a spouse, child, parent, sibling, grandparent, grandchild, aunt, uncle, first cousin, or corresponding in-law or "step" relation. "Domestic partner" refers to individuals who reside in the same household and are involved in a relationship, who may hold themselves out to the public as marital partners, but who are not legally married. "Significant others" refers to individuals who are dating or engaged to be married but may or may not reside together. This policy applies to all categories of employment including regular, temporary, and part-time classifications.

Generally, an employee's relative, domestic partner, or significant other should not be hired to work in the same department as the employee or in any other position in which the district believes a conflict or the appearance of a conflict may exist. Relatives, domestic partners, and significant others are permitted to work at the district provided one does not report directly to, supervise, or manage the other. The superintendent may make exceptions to this general rule.

Employees in a supervisory-subordinate relationship or employed in the same department who marry, become domestic partners, or become significant others while employed will be treated in accordance with these guidelines, and one of the employees will be transferred at the earliest practicable time. The transfer will be voluntary when possible. When a voluntary transfer is not possible, the superintendent will make the decision based upon the importance of each job, the needs of the district, and the availability of candidates to fill either position. The district shall endeavor to place the transferred employee in a position which is similar in terms of pay and benefits. The superintendent may make exceptions to this general rule.

 - c. Employees with supervisory or managerial responsibilities shall not sell, solicit or promote the sale of goods or services to employees over whom they have such responsibilities in any manner that could reasonably be perceived as coercive by the subordinate employee(s).
 - d. Employees shall not use employee, student, or parent directories in connection with the solicitation, sale, or promotion of goods or services and shall not provide any such directory to any person or entity for any purpose without the prior knowledge or approval of the building principal.
8. No school board member, administrator, teacher, or other employee shall use the personnel, facilities, resources, equipment, property, or funds of the district for personal financial gain or business activities.

Employee Leave Under the Family and Medical Leave Act (FMLA)

The school district shall provide leave to its employees in accordance with the Family and Medical Leave Act (“FMLA”). The terms used herein shall have the meaning ascribed to them under the FMLA. Employees may also qualify for leave under the Nebraska Family Military Leave Act, which is covered under the district’s policy for that law. If an employee qualifies for leave under both the Family and Medical Leave Act and the Nebraska Military Leave Act, any leave taken by the employee will count concurrently toward the leave limits of both acts.

I. Qualifying for Leave

A. Qualified Employees

1. To be eligible for *unpaid* leave under this policy, an employee must:
 - a. Make the request for leave at a time when the school district employs 50 or more workers;
 - b. Have been working for the school district for at least 12 months prior to the request; and
 - c. Have worked a minimum of 1,250 hours during the 12-month period immediately preceding the commencement of the leave.
2. The applicable 12-month period for computing an employee’s entitlement to FMLA leave shall be the 12-month period measured forward from the date such employee’s first FMLA leave begins.
3. Employees ineligible for FMLA leave for any reason may be eligible for leave under the Nebraska Family Military Leave Act and should consult policy 4011.1.

B. Qualified Circumstances Necessitating Leave

1. The school district will grant an eligible employee up to a total of 12 workweeks of *unpaid* leave under the following conditions:

- a. For birth of a son or daughter, and to care for the newborn child;
 - b. For placement of a son or daughter with the employee for adoption or foster care;
 - c. To care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. Because of a serious health condition that makes the employee unable to perform the functions of his or her job;
 - e. Because of any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation; or
2. The school district will grant an eligible employee who is the spouse, son, daughter, parent or next of kin of a Covered Servicemember a total of 26 workweeks of **unpaid** leave during a 12-month period to care for the service member as permitted under the FMLA. The leave described in this paragraph shall only be available during a single 12-month period.

For purposes of this provision and this policy, "Covered Servicemember" includes both Military Members and covered Veterans, so long as the covered Veteran was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran.

3. During the single 12-month period described in paragraph I(B)(2), an eligible employee shall be entitled to a combined total of 26 workweeks of leave under paragraphs I(B)(1) and I(B)(2). Nothing in this paragraph shall limit the availability of leave under paragraph I(B)(1) during any other 12-month period.

C. Limitations on Leave

1. Leave for birth or placement for adoption or foster care must conclude within 12 months of the birth or placement.
2. In any case in which a husband and wife both employed by the school district are entitled to FMLA leave:
 - a. The aggregate number of workweeks of FMLA leave to which both are entitled is limited to 12 during any 12-month period if such leave is taken (i) because of the birth of a son or daughter of the employee and in order to care for such son or daughter; (ii) because of the placement of a son or daughter with the employee for adoption or foster care; or (iii) to care for a sick parent who has a serious health condition; and
 - b. The aggregate number of workweeks of FMLA leave to which both that husband and wife are entitled is limited to 26 during the single 12-month period in which leave is taken to care for a Covered Servicemember and the husband and wife employees are both either the son, daughter, parent, or next of kin of such Covered Servicemember, if the leave is taken for this reason or a combination of this reason and one of the three reasons described in paragraph I(C)(2)(a). If the leave taken by the husband and wife includes leave described in paragraph I(C)(2)(a), the limitation in paragraph I(C)(2)(a) shall apply to the leave described in I(C)(2)(a).

D. Qualifying Notice and Certification

Employees seeking to use FMLA leave will be required to provide:

1. 30-day advance notice when the need to take the leave is foreseeable; provided, if (a) the leave is for needed treatment which is required to begin in less than thirty days or (b) the leave is for the reason set forth in paragraph I(B)(1)(e), the employee shall provide such notice to the school district as is reasonable and practical;
2. Medical certification supporting the need for leave due to a Serious Health Condition affecting the employee or family member or to care for a Military Member, and/or due to a Serious Injury or Illness to care for a Veteran;

3. Second or third medical opinions and periodic recertifications (at the school district's expense);
4. Certification supporting the need for leave because of a qualifying exigency arising out of the fact that the employee's spouse, son, daughter or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in the National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation;
5. Certification supporting the need for leave to care for a Veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran, and who is undergoing medical treatment, recuperation, or therapy for a Serious Injury or Illness; and
6. Periodic reports during leave, at a frequency reasonably requested by the superintendent, regarding the employee's status and intent to return to work.

E. Scheduling Leave

When leave is needed to care for a family member, for the employee's own illness, or to care for a Covered Servicemember, and such leave is foreseeable based on planned medical treatment, the employee must attempt to schedule treatment so as not to unduly disrupt the school district's operations.

II. Relationship with District During Leave

A. Leave to Be Unpaid

All leave provided to employees under the provisions of the FMLA and this policy shall be unpaid leave.

B. Substitution of Paid Leave

1. The school district requires employees to substitute any accrued paid vacation leave, paid personal leave, paid family leave, paid medical leave or paid sick leave for FMLA leave. However, nothing in this policy shall require the school district to provide paid sick or medical leave in any situation

in which the school district would not normally provide such paid leave.

2. If an employee uses paid leave under circumstances which do not qualify as FMLA leave, the leave will not count against the number of workweeks of FMLA leave to which the employee is entitled.
3. Any paid leave which is substituted for FMLA leave will be subtracted from the number of workweeks of unpaid leave provided by the FMLA and this policy.

C. Group Health Plan Benefits

1. The school district will continue group health plan benefits on the same basis as coverage would have been provided if the employee had been continuously employed during the FMLA leave period.
2. Any share of health plan premiums which have been paid by the employee prior to FMLA leave must continue to be paid by the employee during the FMLA leave period.

D. Intermittent or Reduced-Schedule Leave

1. Leave may be taken under this policy intermittently or on a reduced-leave schedule under certain circumstances.
 - a. When leave is taken because of a birth or because of a placement of a child for adoption or foster care, an eligible employee may take leave intermittently or on a reduced-leave schedule only with the agreement of the school district. In such a case, the superintendent shall have the authority to approve or disapprove such intermittent or reduced leave schedule, in the superintendent's sole discretion.
 - b. When leave is taken to care for a sick family member, for an employee's own serious health condition, or to care for a covered Veteran or Military Member, an eligible employee may take leave intermittently or on a reduced-leave schedule when medically necessary.
 - c. When leave is taken by an eligible employee because of any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a

Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation, the employee may take leave intermittently or on a reduced-leave schedule.

- d. When leave is taken by an eligible employee to care for a Covered Servicemember, including a Veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran, and who is undergoing medical treatment, recuperation, or therapy for a Serious Injury or Illness
 - e. Intermittent or reduced leave shall not result in a reduction in the employee's total amount of leave beyond the amount of leave actually taken.
 - f. When an instructional employee seeks to take intermittent leave in connection with a family or personal illness (e.g. physical therapy or periodic care for a sick relative) or to care for a covered Veteran or Military Member, and when such leave would constitute at least 20 percent of the total number of working days in the period during which the leave would extend, the school district may require the employee to elect to take leave in a block, instead of intermittently, for the entire period or to transfer to an available alternative position within the school system that is equivalent in pay, for which the employee is qualified, and which better accommodates the intermittent leave.
2. If an eligible employee requests intermittent leave or leave on a reduced-leave schedule that is foreseeable based on planned medical treatment, including during a period of recovery from a serious health condition, the school district may require the employee to transfer temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position. Such alternative position must have equivalent pay and benefits as the employee's permanent position.

3. Leave taken on an intermittent or reduced-schedule basis will be tracked hourly.

III. Return from Leave

A. Restoration to Position

1. On return from FMLA leave, an employee is entitled to be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.
2. Any leave taken under this policy will not result in the loss of any employment benefits accrued prior to the date on which the leave commenced.
3. An eligible employee is not entitled to accrual of any seniority or employment benefits during any period of leave, or any right, benefit, or position of employment other than to which the employee would have been entitled had the employee not taken leave.

B. Denial of Restoration

1. The school district reserves the right to deny restoration to any eligible employee who is a "key employee" (that is an employee who is salaried and among the highest paid 10% of the employees of the school district) if such denial is necessary to prevent substantial and grievous economic injury to the operations of the school district.
2. If the school district intends to deny restoration to such an employee, it will:
 - a. notify the employee of his/her status as a "key employee" in response to the employee's notice of intent to take FMLA leave;

- b. notify the employee as soon as the school district decides it will deny job restoration and explain the reasons for this decision;
- c. offer the employee a reasonable opportunity to return to work from FMLA leave after giving this notice; and
- d. make a final determination as to whether reinstatement will be denied at the end of the leave period if the employee then requests restoration.

C. Failure to Return from Leave

- a. If an employee fails to return from FMLA leave after the period of leave to which the employee is entitled has expired, the employee shall reimburse the district for any premiums the employer paid for maintaining health insurance coverage for the employee during the employee's FMLA leave unless the reason the employee does not return is due to: (1) the continuation, recurrence, or onset of the serious health condition which entitled the employee to FMLA leave and the employee provides the district with sufficient certification from the proper health care provider of such continuation, recurrence, or onset of the serious health condition or (2) other circumstances beyond the employee's control.

IV. Notice to Employees

- A.** The school district will post in conspicuous places where employees are employed notices explaining the FMLA and providing information concerning the procedures for filing complaints of FMLA violations with the U.S. Wage and Hour Division.
- B.** When an employee provides notice of the need for FMLA leave, the school district shall provide the employee with a copy of the "section 301(c) notice" which is attached to this policy.
- C.** To the extent that any provision in this policy is in any manner inconsistent with the provisions of the Act or the regulations promulgated thereunder, the Act and regulations shall prevail over the provisions of this policy. The school district reserves the right to modify this policy from time to time in its sole discretion.

- D. Employees may direct any questions or concerns regarding FMLA leave to the superintendent.

4011.1
Nebraska Family Military Leave Act

The school district shall provide leave to its employees in accordance with the Nebraska Family Military Leave Act (NFMLA). The terms used herein shall have the meaning ascribed to them under the NFMLA. Employees may also qualify for leave under the Family and Medical Leave Act (FMLA), which is detailed in the district's FMLA policy. If an employee qualifies for leave under both the FMLA and NFMLA, any leave taken by the employee will count concurrently toward the leave limits of both.

I. Qualifying for Leave

A. Qualified Employees

To be eligible for unpaid leave under the NFMLA, an employee must:

1. Have been working for the school district for at least 12 months prior to the request; and
2. Have worked a minimum of 1,250 hours during the 12-month period immediately preceding the commencement of the leave.

B. Qualified Circumstances for Requesting Leave

The school district will grant a qualified employee up to a total of 30 days of unpaid leave if:

1. The employee is the spouse or parent of a person called to military service lasting 179 days or longer with the state or United States pursuant to orders of the Governor or the President of the United States and;
2. The leave is scheduled to be taken during the time federal or state deployment orders are in effect.

C. Qualifying Notice and Certification

Employees seeking to use the NFMLA will be required to provide:

- a. A consultation with the District to schedule leave so as not to unduly disrupt the operations of the school.
- b. Certification from the proper military authority to verify the employee's eligibility for the family military leave requested.
- c. 14-day advance notice of the intended date upon which the leave will begin, if leave will consist of five or more work days.
- d. As much advance notice as possible of the intended date upon which the leave will commence, if leave will consist of less than five work days.

II. Relationship with District During Leave

A. Leave to Be Unpaid

All leave provided to employees under the provisions of the NFMLA and this policy shall be unpaid leave.

B. Benefits

1. Taking leave under the NFMLA shall not result in the loss of any employee benefit accrued before the date on which the leave commenced.
2. Any employee who takes leave under the NFMLA will be permitted to continue their benefits at their own expense.
3. Payment for benefits must be made to the district in advance of the date on which they are due. For example, if health insurance premiums are paid to the carrier by the district on the 1st of the month, the employee taking leave under the NFMLA must provide the full cost of the premium to the district prior to that date. Failure to provide the full costs for all benefits the employee wishes to continue in advance of their due date may result in cancellation of benefits as permitted by law.

III. Return from Leave

A. Restoration to Position

1. Any employee who exercises the right to leave under the NFMLA shall be restored by the district to the position held by the employee when the leave commenced or to a position with equivalent seniority status, employee benefits, pay, and other terms and conditions of employment.
2. This section does not apply if the district proves that the employee was not restored because of conditions unrelated to the employee's exercise of rights under the NFMLA.

B. Failure to Return

If an employee fails to return after the period of leave to which the employee is entitled has expired, and no additional qualifications for leave exist, the employee will be subject to the district's policies governing unexcused absences up to and including termination of employment.

Staff Internet and Computer Use

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching and learning skills. The following procedures and guidelines are intended to ensure appropriate use of the Internet at the school by the district's faculty and staff. Staff should also refer to the district's policy on Staff and District Social Media Use.

I. Staff Expectations in Use of the Internet

A. Acceptable Use

1. Staff shall be restricted to use the Internet to conduct research for instructional purposes.
2. Staff may use the Internet for school-related e-mail communication with fellow educators, students, parents and patrons.
3. Staff may use the Internet in any other way which serves a legitimate educational purpose and that is consistent with district policy and good professional judgment.

4. Teachers should integrate the use of electronic resources into the classroom. As the quality and integrity of content on the Internet is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter on the Internet.

B. Unacceptable Use

1. Staff shall not access obscene or pornographic material.
2. Staff shall not engage in any illegal activities on school computers, including the downloading and reproduction of copyrighted materials.
3. Staff shall not use chat rooms, message boards, or instant messaging.
4. Staff shall not use school computers or district internet access to participate in on-line auctions, on-line gaming, mp3/mp4 sharing systems or other digital content sharing systems such as BitTorrent.
5. The only political advocacy allowed by staff on school computers or district internet access shall be lobbying via e-mail on educational-related issues. Before engaging in this sort of activity on school computers or district internet access, staff must obtain the consent of the superintendent or designee.
6. Staff shall not share their passwords with anyone, including students, volunteers or fellow employees.

II. School Affiliated Websites

Staff must obtain the permission of the administration prior to creating or publishing any school-affiliated web page which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any website which identifies the school district by name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

Publication of student work or personality-identifiable student information on the Internet may violate the Federal Education Records Privacy Act. Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information on the Internet.

III. Enforcement

A. Methods of Enforcement

The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

1. The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
2. Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access for staff access to a site with legitimate educational value that is wrongly blocked.
3. The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

B. Any violation of school policy and rules may result in that staff member facing:

1. Discharge from employment or such other discipline as the administration and/or the board deem appropriate;
2. The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;
3. When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

4014 Employment-Related Sexual Harassment

It is the policy of the school district to provide an environment free of unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication constituting sexual harassment. Sexual harassment by any employees and students is unequivocally prohibited. Sexual harassment is misconduct that interferes with work productivity and wrongfully deprives employees of the opportunity to work and students of the opportunity to study and be in an environment free from unsolicited and unwelcome sexual overtones. Sexual harassment includes all unwelcome sexual advances, requests for sexual favors and other such verbal or physical misconduct. Sexual harassment is a prohibited practice and is a violation of the law.

The U.S. Equal Employment Opportunity Commission has issued guidelines interpreting Section 703 of Title VII as prohibiting sexual harassment. Sexual harassment is defined in those guidelines as follows:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical misconduct of a sexual nature constitutes sexual harassment when:

- (1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment,
- (2) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
- (3) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

A person who feels harassed is encouraged to inform the person engaging in sexually harassing conduct or communication directly that the conduct or communication is offensive and must stop. If the person who feels harassed does not wish to communicate directly with the person whose conduct or communication is offensive, or if direct communication with the offending person has been ineffective, the person who feels harassed should report the conduct or communication to a supervisor, principal, the superintendent of schools, or a

board of education member with whom he or she feels comfortable in reporting the issue.

Regardless of the means selected for resolving the problem, the good faith initiation of a complaint of sexual harassment will not affect the complainant's employment, compensation or work assignments as an employee, or status as a student.

Sexual harassment of one student by another student or students is addressed in a separate policy.

Prohibition Against Employment of Board Members

Nebraska statutes recognize the inherent conflict of interest that is created when a member of the board of education serves as a certificated employee of the district. Consequently, section 79-544 of the statutes prohibits a board member from being employed as a teacher in a school district where he or she also serves on the board.

A conflict of interest is also created when a board member serves simultaneously as both a board member and an employee in any capacity, whether certified or non-certified. Therefore, a board member shall not be employed by the school district when serving on the board. If an employee is elected or appointed to the board, his or her employment shall be terminated upon being seated on the board. Because of the conflict that is created by a board member applying for employment while sitting on the board, a board member who wishes to apply for employment shall be required to resign from the board before applying.

This policy does not prohibit the board from contracting with members of the board for services or products when the relationship is not one of employer/employee and such contracts are in compliance with the requirements of statute and board policy regarding conflicts of interest.

Members of the safety committee shall be established through the collective bargaining process.

The committee shall adopt and maintain a written injury prevention program. The district shall maintain records for at least three years, or longer if directed by the Department of Labor.

The workplace injury prevention and safety committee shall keep written minutes of all meetings, and provide a copy to the superintendent or designee who shall maintain the minutes in the district's administrative offices for a period of at least three years, unless otherwise instructed by the Department of Labor.

The workplace injury prevention and safety committee shall develop an injury prevention plan and present it to the board. 4030 Evaluation of Certificated Employees

All certificated employees to be evaluated shall be notified annually in writing. A certified administrator, with the exception of the local board of education when it is evaluating the superintendent, will observe and evaluate each probationary certified employee for a full instructional period once each semester and each permanent certificated employee for a full instructional period once each school year. If the probationary certificated employee is a superintendent, he or she shall be evaluated twice during the first year of employment and at least once annually thereafter. The evaluation will include, but not be limited to evaluating the employee's instructional performance, classroom organization and management, personal conduct, and professional conduct. Evaluation of instructional performance and classroom organization and management is applicable to teachers only. The administrator will provide the employee with a written list of deficiencies, suggestions and a timeline for correcting the deficiencies and improving performance, and sufficient time to improve. The evaluation form will include notice that the employee may respond to the evaluation in writing.

The school district will train administrators in evaluation annually through meetings with the superintendent or other administrator, attendance at regional, state or national workshops, or any other method approved by the superintendent.

For the purposes of this policy, the terms "actual classroom observation" and "entire instructional period" are defined as follows:

Entire Instructional Period. For certificated employees whose classes are held during defined periods of time (e.g., senior high classes), an entire instructional period consists of one such time period. For those whose time periods are not so defined (e.g., elementary classroom teachers), an entire instructional period consists of 40 minutes. The instructional period for those whose work does not necessarily involve continuous instruction for 40-minute periods (e.g., librarians or speech therapists) consists of no less than 40 minutes total during the semester. The entire instructional period for administrators cannot be defined in terms of an instructional period and shall be satisfied by the actual observation of an administrator's work during the semester for no

less than 40 minutes.

Actual Classroom Observation. Actual classroom observation consists of observing the certificated employee in any activities in a classroom setting. When a certificated employee does not have classroom responsibility (e.g., administrators or librarians), the requirement of "actual classroom observation" will be satisfied by observing the certificated employee performing activities that are typical of his or her position.

This policy and the evaluation instrument shall be included in the teacher handbook which will be distributed to staff members upon their employment and annually thereafter.

4032 Professional Growth

Every six years, permanent certificated employees shall give evidence of professional growth. Six credit hours of college credit shall be accepted as evidence of professional growth.

The board of education believes the goal of professional self-improvement to be inherent in the responsibilities of each certificated district employee.

Other professional growth activities which may count toward the six-year requirement include non-credit courses, lecture series, workshops, conferences, study groups, local in-service courses, committee service, supervising a student teacher, serving with professional groups, travel of significant educational value, and membership in professional organizations. The employee must receive prior approval from the building principal for any of these activities to count toward professional growth.

No professional growth units will be awarded if the applicant has been paid for a non-college activity either by released time or by an additional amount paid by the school district.

One unit of professional growth credit will generally be equivalent to ten hours of personal time spent on an educational activity.

Tenure and Teacher Advancement:

To conform to state statues, within six years of September 1, 1995 and every six years after that date, all permanent certificated employees must earn 18 professional growth points. Fulfilling this requirement will allow the staff member to continue employment with Diller-Odell Public Schools.

The following guidelines govern the awarding of professional growth points:

3. Employees are expected to keep their own records and report annually to their principal.
4. Professional growth points may be granted, upon prior administrative approval,

5. The following is a list of possible activities and their allowable growth points.

3 points - for each college credit hour

1 point - for each full day of curricular workshop or convention

2 points - for each semester of student teacher supervision

Points may be granted for travel, publication, or other options with prior administration approval.

To secure such a hearing, the employee must send a written request to the secretary of the board, the superintendent or the superintendent's designee within seven (7) calendar days of receipt of notice of possible nonrenewal or amendment. An employee who requests a hearing shall be given written notice of the employment-related reasons for the proposed action at least five (5) calendar days prior to the hearing. The hearing shall be an informal hearing at which the employee or the employee's representative shall be given an opportunity to discuss and explain the employee's position regarding continued employment, to present information, and to ask questions of those appearing on behalf of the school district. Upon request, the certificated employee will be provided with notice, at least five (5) days prior to the hearing, of the names of any witnesses who will be called to testify against the certificated employee as well as the general areas of their testimony, and will be given an opportunity to examine any documents that will be presented at the hearing.

Reduction In Force

The board of education may determine that a reduction in force of certificated staff members is appropriate due to declining enrollment in a grade or grades, changes in financial support, changes in curricular programs, a decline in the taxable value of property located within the school district, increased costs of operating the school district, or another change or changes in circumstances. If the board, in its sole discretion, determines that a reduction of certificated staff is necessary, the superintendent shall notify those employees whose contracts may be reduced. However, the employment of a permanent employee may not be terminated through a reduction in force while a probationary employee is retained to render a service that the permanent employee is qualified to perform by reason of certification and endorsement, or when certification is not applicable, by reason of college credits in the teaching area.

1. **Definition of Reduction in Force.** A reduction in force shall consist of a reduction of one or more positions or a reduction in the percentage of employment of one or more certificated staff members, even if the number of percentage of employment of the certificated staff overall may be increased by other hirings or increases in the percentage of employment of other employees. Reduction in force may result in the termination of employment or an amendment to an employee's contract reducing the extent of the employee's employment.
2. **Restriction of Right to Administrative Position.** Due to the confidential and unique personal working relationship necessary between the administration and the board of education, a certificated employee who is not currently serving in a predominantly administrative capacity shall have no rights under this policy to any administrative position within the school system.
3. **Criteria for Reduction in Force.** The criteria set forth below shall be considered in selecting the personnel to be reduced. The criteria are not listed in any order of priority, and shall be given the weight that the board considers appropriate.

Areas of endorsement that are of present or future value to the district. This criterion shall be based upon the endorsement(s) shown on each teacher's Nebraska Teaching Certificate;

- a. Programs to be offered;
- b. State and federal laws or regulations that may mandate certain employment practices;
- c. Involvement in the programs and activities sponsored by the school district;
- d. Special or advanced training consisting of college credit or other training that would be of present or future value to the district;
- e. The organizational and educational effect caused by multiple part-time certificated employees; and
- f. Any other reasons that are rationally related to the instruction in or administration of the school district.

4. **Consideration of Uninterrupted Service.** If, after consideration of the criteria listed above, it is the opinion of the superintendent that there is no significant difference between or among certificated employees being considered for reduction, the employee(s) with the longest uninterrupted service to the district shall be retained.

- a. Uninterrupted length of service is defined as the number of continuous full-time equivalent years of employment in the district as a teacher.
- b. A full-time equivalent year is defined as employment on a full-time basis for an entire school year.
- c. Less than full-time employment reduces the teacher's full-time equivalent employment for a school year. For example, a teacher employed on a half-time basis would be credited with half a year full-time equivalent employment.
- d. A break in service will terminate a teacher's seniority and length of service under this provision. That period of time when a teacher is on a leave of absence shall not constitute a break in service; however, any years of absences or fractions of years of leave of absence will not count as years of employment for the purposes of determining the length of a teacher's uninterrupted service.

5. **Rights of Recall.**

- a. Any certificated employee whose contract has been terminated shall be considered to have been dismissed with honor and shall, upon request, be provided a letter to that effect.
- b. Such employee shall have preferred rights to re-employment for a period of 24 months commencing at the end of the contract year, and the employee shall be recalled on the basis of length of service to the district to any position that he or she is qualified to teach by endorsement or college preparation.
- c. Upon re-employment, a recalled employee shall be placed on the salary schedule and provided fringe benefits based on existing district policies and the current negotiated agreement. Any year of years of absence from employment shall not be considered as a year or years of employment by the district.
- d. An employee under contract to another education institution may waive recall, but such waiver shall not deprive the employee of his or her right to subsequent recall.

6. Current Teaching Certificate.

- a. Upon initial employment with the district, each certificated employee shall file a copy of his or her teaching certificate, including endorsements with the superintendent of schools.
- b. The employee shall be responsible for filing any changes in certification or endorsements with the superintendent.

7. Address Records.

- a. A certificated employee whose employment contract has been terminated because of a reduction in force shall, during the period which he or she is eligible for recall, be responsible for reporting any change of address to the superintendent of schools.
- b. If there is a vacancy to which a former employee has a right of recall, the district may communicate an offer of re-employment by telephone, by e-mail, or by United States mail sent to the former employee's last known address. If the school district does not receive written acceptance of the offer within seven days, the former employee shall be deemed to have waived his or her rights to be recalled to the employment position.

Professional Boundaries Between Employees and Students

School district employees are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. Employees are required to establish and maintain professional boundaries with students. They may be friendly with students, but they are the students' teachers, not their friends, and they must take care to see that this line does not become blurred. This applies to employees' conduct and interactions with students and to material they post on personal web sites and other social networking sites including, but not limited to, MySpace, Facebook, and Twitter. The posting or publication of messages or pictures or other images that diminish an employee's professionalism or ability to maintain the respect of students and parents may impair his or her ability to be an effective employee. Employees are expected to behave at all times in a manner supportive of the best interests of students.

Unless an employee has a legitimate educational purpose, the following behavior is a violation of the professional boundaries that employees are expected to maintain with students. The following list is intended to illustrate inappropriate behavior involving students but not to describe every kind of prohibited behavior.

- Communicating about sex when the discussion is not required by a specific aspect of the curriculum.
- Joking about matters involving sex, using double entendre or making suggestive remarks of a sexual nature.
- Displaying sexually inappropriate material or objects.
- Making any sexual advance, whether written, verbal, or physical or engaging in any activity of a sexual or romantic nature.
- Kissing of any kind.
- Dating a student.
- Intruding on a student's personal space (e.g. by touching unnecessarily, moving too close, staring at a portion of the student's body, or engaging in other behavior that makes the student uncomfortable).
- Initiating unwanted physical contact with a student.
- Communicating electronically (e.g. by e-mail, text messaging, or instant messaging) on a matter that does not pertain to a school matter.

Electronic communications with students generally are to be sent simultaneously to multiple recipients and not just to one student except

- when the communication is clearly school related and inappropriate for persons other than the individual student to receive (i.e. grades).
- Playing favorites or permitting a specific student to engage in conduct that is not tolerated from other students.
 - Discussing the employee's personal issues or problems that should normally be discussed with adults.
 - Giving a student a gift of a personal nature.
 - Giving a student a ride in the employee's vehicle without first obtaining the express permission of the student's parents or a school administrator.

Staff and District Social Media Use

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. This policy is intended to ensure (1) appropriate use of social media by staff and (2) appropriate control of social media accounts belonging to or affiliated with the district. Staff should also refer to the district's policy on Staff Computer and Internet Usage.

IV. Personal Versus School-Affiliated Social Media Use

A. Personal Social Media Use

1. The school district will not require staff members or applicants for employment to provide the district with their username and password to personal social media accounts.
2. The district will not require staff to add anyone to the list of contacts associated with the staff member's personal social media accounts or require a staff member to change the settings on his or her personal social media accounts so that others can or cannot view their accounts.
3. Staff members whose personal social media use interferes with the orderly operation of the school or who use social media in ways that are not protected by the First Amendment may be subject to discipline by the district.
4. Staff members who wish to begin using or to continue using the school district name, programs, mascot, image or likeness as part of any social media profile must notify their supervising administrator of the use, and must secure the administrator's permission to do so.

B. School-Affiliated Social Media Use

1. Any social media account which purports to be "the official" account of the school district (e.g., "Griffin Basketball"), or any of its programs, classes or entities will be considered to be an account that is used exclusively for the school district's business purpose. Staff members may not use "official" accounts for personal use.
2. Staff may be required to provide their supervising administrator with the username and password to school-affiliated social media accounts.
3. Staff may be required to interact with specified individuals on school-affiliated social media accounts.

4. When staff use school-affiliated social media accounts to comment on school-related matters, they do not do so as private citizens and are therefore not entitled to First Amendment protections.

V. Staff Expectations in Use of Social Media – Applicable to Both Personal and School-Affiliated Use

A. General Use and Conditions

Staff must comply with all board policies, contract provisions, and applicable rules of professional conduct in their social media usage. They must comply with the board's policy on professional boundaries between staff and students at all times and in both physical and digital environments.

Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information in order to make sure that the publication does not violate the Federal Education Records Privacy Act or any other laws. Staff must also comply with all applicable state and federal record retention requirements, even with regard to personal social media usage.

Staff must comply with all applicable laws prohibiting the use or disclosure of impermissible content, such as copyright laws, accountability and disclosure laws, and any other law governing the use of resources of a political subdivision. Questions about appropriate content should be referred to the staff member's supervising administrator.

B. Acceptable Use

1. Staff may use social media for instructional purposes.
2. Staff may use social media for school-related communication with fellow educators, students, parents, and patrons.
3. Teachers should integrate the use of electronic resources, which may include social media, into the classroom. As the quality and integrity of content on social media is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter.

C. Unacceptable Use

1. Staff shall not access obscene or pornographic material while at school, on school-owned device or on school-affiliated social media accounts.
2. Staff shall not engage in any illegal activities, including the downloading and reproduction of copyrighted materials.

3. Staff shall not access social media networking sites such as Facebook, Twitter, and Instagram on school-owned devices or during school time unless such access is for an educational activity which has been preapproved by the staff member's immediate supervisor. This prohibition extends to using chat rooms, message boards, or instant messaging in social media applications and includes posting on social networking sites using personal electronic devices.

VI. School-Affiliated Digital Content

A. General Use and Conditions for School-Affiliated Accounts

Staff must obtain the permission of their supervising administration prior to creating, publishing, or using any school-affiliated web pages, microblogs, social media pages or handles, or any other digital content which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any content which identifies the school district by name in the account name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated accounts and must only publish content appropriate for the school setting. Staff may not provide the username and password to school-affiliated accounts to any unauthorized individual, including students and volunteers.

B. Moderation of Third Party Content

The purpose of school-related social media accounts is to disseminate information. No school-related or school-affiliated social media account covered by this policy shall permit comments by the public unless otherwise approved by the superintendent. All comment functions for applications such as Facebook and Instagram must be turned to "off" without this approval.

In the event the superintendent permits content created by anyone other than the administrator of the account to appear on the account's pages, such as comments made by students, parents, and patrons, the account administrator must monitor the content to ensure it complies with this policy. Posts, comments, or any other content made on the account's pages may be removed when the content meets any of the following conditions:

1. Is obscene, lewd, or appeals to prurient interests;
2. Contains information relating to a student matter or personnel matter which is protected under or prohibited by state or federal law;
3. Contains threatening, harassing, or discriminatory words or phrases;

4. Incites or is reasonably anticipated to incite violence, illegal activity, or a material and substantial disruption to school operations or activities; or
5. Contains any other threat to the safety of students and staff.

Every account administrator must keep a copy of any removed content and must provide a copy to the superintendent along with written notification for the reason the post has been removed. All questions about the appropriateness of removal must be directed to the superintendent.

Reporting Child Abuse or Neglect

Because of their daily contact with school-age children, educators and other school employees are in a unique position to identify abused and/or neglected children. Nebraska law defines child abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; or (6) sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Reporting Procedure. School employees who have reasonable cause to believe that a child has been subjected to child abuse or neglect or observe a child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected shall report the suspicion to the building principal immediately.
2. The principal and the school nurse and/or the school guidance counselor shall, whenever possible, investigate the concern within 24 hours of receiving the initial report. The school staff shall endeavor to conduct this investigation in a manner that does not interfere with any current or future investigation by law enforcement. When the principal determines that a report should be made through the district, he or she shall make a report to the office of social services or law enforcement. The principal shall inform the employee(s) who made the initial report whether he or she has made a report to the office of social services or law enforcement. If no such report has been made, the employee(s) shall file such a report if he, she or they have reasonable cause to believe that a child has been abused or neglected.
3. Any doubt or question in reporting such cases shall be resolved in the favor of reporting the suspected abuse or neglect. Consultation

between the administrator and school employee is encouraged, keeping in mind that prompt reporting is essential.

Contents of the Report. The report to authorities shall contain the following information to the extent it is available: (1) name and position of reporting person; (2) name, address, and age of abused or neglected person; (3) address of the person or persons having custody of the abused or neglected person; (4) the nature and extent of the abuse or neglect, or the conditions and circumstances which would reasonably result in such abuse or neglect; and (5) any other information that may be useful in establishing the identity of the persons involved and cause of the abuse or neglect.

Legal Immunity. Nebraska statutes give legal immunity from any civil or criminal liability to any person who makes a good faith report of child abuse or neglect or participates in a judicial proceeding resulting from such a report.

The superintendent or his or her designee will make the final determination about the use of school district vehicles.

Electronic Communication While Driving. Unless the superintendent or a principal grants an exception to allow verbal communication on an as needed basis for specific district-related work based upon an employee's duties and responsibilities, school personnel shall not use any electronic communication device to read a written communication, manually type a written communication, send a written communication, verbally communicate with others, or otherwise communicate with others while operating a school vehicle. This prohibition includes but is not limited to answering or making telephone calls, engaging in telephone conversations, and reading or responding to e-mails, instant messages, text messages or other visual media.

Tobacco, Alcohol, and Controlled Substances. The use of any tobacco product, including the use of vapor products, alternative nicotine products, or any other such look-alike product, is not permitted in a school vehicle at any time. The use or possession of any alcohol or controlled substance (unless legally prescribed to school personnel by a physician) is not permitted in a school vehicle at any time. All drivers shall follow and be subject to Drug Free Workplace Policy and Drug Policy Regarding Drivers Policy.

Traffic Accidents, Infractions, Violations, or Citations. School personnel who receive a citation or warning citation from a law enforcement officer or are involved in an accident while operating a school vehicle must report the citation to the superintendent or his or her designee as soon as practicable, but no later than 24 hours of receipt. The superintendent must report his or her accidents, infractions, violations, or citations to the board president.

Workplace or Non-Workplace Injuries or Illness and Return to Work

Reporting Workplace Injuries. Staff members who are injured while performing duties or who witness workplace injuries must report them to the superintendent or superintendent's designee as soon as possible after being injured or witnessing an injury. Staff members must prepare written statements regarding the injuries they sustained or witnessed when they are asked to do so by the school district. Failure to report a workplace injury as a witness will constitute insubordination and neglect of duty and may result in adverse employment action up to and including termination or cancellation of employment. Failure to report workplace injuries may also result in delayed or forfeited benefits to which an employee may otherwise be entitled.

Returning to Work after Workplace Injuries or Non-Workplace Injuries or Illness. Staff members whose injuries or illness prevent them from completing any or all of their duties, whether or not incurred at work, may be permitted to continue working or may be offered modified duty positions as required by law or as determined appropriate by the superintendent. This policy does not guarantee a limited or modified assignment during the recovery period unless it is otherwise required by law. The employee may be required to provide a return to work certification or report from their treating physician which delineates any restrictions, modifications, or accommodations needed to allow the employee to perform the essential functions of their position.

Termination After Workplace Injuries or Illness. Unless otherwise covered in an individual employment contract, employees may be terminated after suffering a workplace injury or illness when the district has a legitimate, nondiscriminatory reason for doing so. Such reasons include but are not limited to:

- Necessity to fill the position to maintain continuous services as required by law or district policy or standards;
- Performance deficiencies of the employee unrelated to the injury or illness;
- Unavailability of substitute or replacement employees;
- When the absence will negatively impact students' educational experience or opportunities; or
- Any other reason not otherwise prohibited by law.

The district may make such employment determinations regardless of whether the employee has returned to work and regardless of whether a medical professional has certified that the employee has reached maximum medical improvement. In the event the injury or illness lasts beyond the amount of leave time provided by the district and by the Family Medical Leave Act, which is generally no greater than 12 weeks, the employee may be terminated even if the employee remains eligible for Workers' Compensation under state law or short or long-term disability under a policy available through the district. In no event will an employee be terminated as retaliation for filing a Workers' Compensation claim.

Termination After Non-Workplace Injuries. Unless otherwise covered in an individual employment contract or prohibited by law, employees who are unable to perform any of the essential functions of their positions with reasonable accommodation(s) due to injury or illness occurring outside of the workplace may be terminated. The employee's position or a similar position will be held open only as required by law, such as the Family Medical Leave Act.

Compulsory Attendance and Excessive Absenteeism

"School success is 90 percent showing up; the other half is mental." Yogi Berra

Research on policies and practices that effectively encourage regular student attendance share some key components:

1. Education of parents regarding school attendance requirements.
2. Effective policies and practices to monitor attendance.
3. Clear definition of excessive absenteeism and a two-stage response to excessive absences.

The board has considered this educational research and used it to create the following policy on Compulsory Attendance and Excessive Absenteeism.

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Expectations for Regular Attendance:

1. Students are expected to attend every class, every day.
2. The only "excused" absences shall be:
 - a.) absences when a licensed health care provider has confirmed in writing that, in his/her professional medical opinion and within his/her scope of practice, the student or a child whom the student is parenting is so physically or mentally ill that attendance of the student is impracticable or impossible;
 - b.) absences when the Nebraska State Patrol confirms in writing that weather conditions have made the roads impassable so that the student's attendance impracticable or impossible;
 - c.) student attendance at a school-sponsored activity;
 - d.) student has been suspended or expelled from school by the school district; and
 - e.) absences required by law enforcement, child protective services or a court of competent jurisdiction, confirmed in writing to the school district.
3. All other absences, including absences for minor illnesses, family events, routine medical appointments are simply "absences."
4. Upon return from every absence or partial-day absence, students must remain after school for 30 minutes to meet with teachers, work on missed assignments or simply to study. The location and supervision of the student will be determined by the building principal in consultation with the student's classroom teacher(s).

5. Students must not be absent from any course more than seven days in any given quarter in order to earn academic credit for that course for that quarter. Students who lose credit in any given course due to absences may appeal that loss of credit to his/her building principal.

Attendance Incentives:

Building principals will establish attendance incentives for their students. Those may include:

- Special Recognition of students who have 95% or greater attendance each quarter
- Excusal from certain classroom assignments (final exam, written report) for students with 95% or greater attendance each semester
- Special rewards (movie day, field day, extra recess) for students who have 95% or greater attendance

At the conclusion of each quarter building principals report to the board what incentives were implemented and the effectiveness of the incentive in improving student attendance and engagement.

When students are absent from school, district staff will respond as follows:

First Stage Response to Absences

1. A member of district staff will contact parent via telephone for every absence if the parent has not contacted the school in advance.
2. After a student's third absence in any given quarter, the school's attendance officer will schedule a meeting with the student's parents or guardians. That meeting will be documented on the attached form.
 - a. This meeting must be attended by attendance officer, parents, social worker or principal, and the student (if appropriate)
 - b. The meeting shall be documented
 - c. The meeting shall develop a collaborative plan to assist the student in improving his/her attendance
3. Building principals must meet with teachers who have 10% of their students miss seven or more days of class in any given quarter to review strategies to increase student engagement. A consistent pattern of student absences from a teacher's classes may result in a formal remediation plan.
4. The superintendent must meet with the building principal if more than 10% of students miss seven or more days of class in any quarter to review strategies to improve the school building's climate. A consistent pattern of building-wide absenteeism may result in a formal remediation plan.

Second Stage Response to Absences

Students who accrue more than 20 absences in a school year may be referred to the county attorney for action under NEB. REV. STAT. § 43-247(3)(a) and (b).

Admission of Students

Students shall be admitted to the school district who are:

- legal residents of the school district or otherwise entitled by Nebraska law to attend the schools of the district tuition-free;
- approved for option enrollment pursuant to policy;
- approved as foreign exchange students pursuant to policy;
- legal residents of a district that has contracted with this district for their educational services;
- statutorily entitled to attend the schools of the district on a part-time basis pursuant to policy; or
- out-of-state students who have been enrolled pursuant to policy.

Students who have been placed in a foster home within the school district are not residents of the district and will not be permitted to enroll unless the district has received a written determination from the Nebraska Department of Health and Human Services that it is in the best interests of the student not to attend his or her district of residence.

Except in adult education classes or when otherwise required by law, no student who is of 21 years of age or older, or who has earned a high school diploma or its equivalent will be allowed to be enrolled in or continue to attend school in the district.

Admission of Students Who Reside Out of the State of Nebraska

Students who reside in a state other than Nebraska must submit an application to enroll in the district at least three weeks prior to the beginning of the semester in which they wish to begin attending the district. Out of state students may not enroll mid-semester.

The administration will review each application and will admit out-of-state students whose academic history, disciplinary records and prior school community involvement indicate that they will be successful in this school district. Those who have verified disabilities pursuant to the Individuals with Disabilities in Education Act or section 504 of the Rehabilitation Act will not be excluded from admission based solely on their disability. However, those who need specialized programming or whose enrollment would require the hiring of additional staff or specific training of existing staff will not be admitted. The administration's approval or disapproval of an out-of-state student's application is final.

Out-of-state students who are admitted pursuant to this policy must meet the requirements of board policy 5002 and must comply with each board policy, state statute and regulation that applies to their situation. Once admitted, they will be subject to the same disciplinary rules and procedures as resident students. Students must reapply for admission prior to each semester. Re-admission may be denied for students who are not academically and/or behaviorally successful. Once admitted, out-of-state students' grade level placement will be determined in accordance with district policy.

Out-of-state students are not entitled to transportation or reimbursement for transportation.

Out-of-state students will be charged tuition of \$250 per semester by the district for the first student, \$150 for a second student in the family, and \$100 for a third student. There will be a maximum charge of \$500 per family per semester. Payment in full is due to the central office of the district on or before the first day of classes each semester. The tuition fee may be changed by the board of education prior to any semester with or without notice to the out-of-state student's family or resident school district.

Admission of Part-Time Students

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a part-time basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who resides in the school district but attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

Application for Enrollment. The parent or guardian of an exempt school student who is of appropriate age to attend school, resides in the school district, has not graduated from high school, and has not received a graduate equivalency diploma must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by August 1 of the year of enrollment. For second semester high school courses, the application must be filed by December 15. For students who move into the district mid-semester, the application must be filed within 20 days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's choice. Enrollment does not carry over from one school year to the next, and the parent or guardian of an exempt school student must apply for enrollment each school year.

Limitations Based on Resources. The enrollment of exempt school students is subject to limitations established by the district for grades, classes, courses, and programs based on the limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

Placement of Students. Exempt school students shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

Grades and Academic Honors. Exempt school students shall receive grades, report cards, and transcripts, but shall not be eligible to graduate, receive a diploma or qualify for class ranking unless they meet all district requirements for such including earning a sufficient number of credit hours and semesters of attendance.

Applicability of School Rules. Exempt school students are subject to all rules and standards of the board of education and administration as set forth in policy, handbooks

or other communications, as well as the rules and directives of the building administration and teaching personnel. They must remain on the school campus during scheduled classes but must leave the school campus when not engaged in a course or course-related activity unless the course or course-activity requires their presence or the building principal approves their presence. Students who violate school policies, rules, or directives shall be subject to disciplinary procedures up to and including suspension and expulsion.

Extracurricular Sports and Activities. Students who are enrolled in a private, denominational or parochial school may not participate in extracurricular sports and activities sponsored by the public school district if they participate in extracurricular sports and activities offered by the private, denominational or parochial school. Exempt school students may participate in extracurricular sports and activities if they are enrolled in at least 10 credit hours per semester. Exempt school students who are not enrolled in at least 10-credit hours may not participate in extracurricular sports and activities. All part-time students must meet all other eligibility requirements set by the board, administration and coach/sponsor prior to participating in the sport or activity.

Exempt school students who transfer into the district will be considered a transfer student and shall be ineligible for varsity competition for ninety school days unless the home school is located in the same school district as the high school to which the student is transferring.

The school district will determine whether credits awarded to exempt transfer students will be accepted for the purpose of eligibility for extracurricular sports and activities pursuant to the board's policy on Grade Placement and Academic Credits of Transfer Students.

Transportation. Part-time school students are not entitled to transportation or reimbursement for transportation by virtue of their status as part-time students.

Option Enrollment. Students may not enroll on a part-time basis pursuant to the school's option enrollment program.

Option Enrollment

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for insuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

1. Definitions

- a. **Option Student Defined.** Option student shall mean a nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.
- b. **Resident School District Defined.** Resident school district shall mean the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.
- c. **Option School District Defined.** Option school district shall mean the school district that a student chooses to attend other than his or her resident school district.

2. Persons Entitled to Apply for Option Enrollment of Students. Only parents and legal guardians may apply for option enrollment of students. Applications filed by foster parents and adults acting *in loco parentis* are not authorized and will be automatically denied.

3. Duties, Entitlements and Rights of Option Students. Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.

4. Standards for Acceptance or Rejection of Option Students.

- a. **Numeric Capacity.** The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, projected number of students with which the option school district will contract based on existing contractual arrangements, and availability of appropriate special education programs. Individuals seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.
- b. **Programmatic Capacity.** In addition to the numeric capacity standards referred to above, the board may, by resolution, declare a program, a class,

or a school unavailable to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.

c. **Other Standards for Acceptance or Rejection of Option Enrollment Applications.** In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept an option student when acceptance of the student:

- i. Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
- ii. Would require the procurement of new equipment, technology, or furnishings;
- iii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;
- iv. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
- v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

d. The school district shall accept an option student with a disability only to the extent that the school district's then current staff and facilities are sufficient to accommodate the student's needs without significantly increasing the operating costs of the school district, such as by requiring the hiring of new staff.

e. The school district shall not base the decision to accept or reject an option student on the student's previous academic achievement, athletic or other extracurricular ability, disabling condition(s), proficiency in the English language, or previous disciplinary proceedings.

f. If there are more option student applicants for any program, class, grade level or school building than can be accepted into such program, class, grade level or school building, applicants shall be accepted in the following order:

- i. students with brothers or sisters attending the school district, either as resident students or as option students, shall be granted first priority;
- ii. thereafter, option students shall be accepted into such program, class, grade level or school building in the order in which written applications were received by the school district.

5. **False or Misleading Option Applications.** If, prior to the student's attendance as an option student, the school district discovers that a previously accepted option application contained false or substantively misleading information, the option application will be rejected.
6. **Academic Credits and Graduation.** The school district shall accept credits toward graduation that were awarded by another school district, and shall award a diploma to an option student if the student meets the graduation requirements of the school district.
7. **Information Regarding Schools, Programs, Policies and Procedures.** The school district, its officers and employees, shall make information about the school district and its schools, programs, policies and procedures available to all interested people.
8. **Procedure for Students Optioning Into or Out of the School District.**
 - a. The parent or legal guardian of any student desiring to option into or out of the school district shall submit a proper and timely application to the board of education and the other affected school district for enrollment during the following and subsequent school years. Any application requiring the approval of the school district shall be deemed submitted when the application is actually received in the school district's business office.
 - b. On or before April 1st, the school district shall notify the parent or legal guardian of any student who has submitted an application to option into the school district and the resident school district, in writing, whether the application is accepted or rejected. If an application is rejected, the reason for such rejection shall be stated in the notification. This written notice shall be sent via certified mail to the address listed on the option application.
9. **Late Applications and Requests for Release**
 - a. The board of education may refuse a request of a student seeking to option out of the school district when the option application is submitted after March 15th under the following conditions:
 - i. When the district has already entered into contracts with teaching staff for the following school year;
 - ii. When the district has already contracted for the performance of specific services for the student;
 - iii. When the release of the student would have a negative financial impact or loss of revenue for the district.

- b. The board of education will deny all applications to option into the district that are received by the district after March 15 of the school year prior to the student's requested enrollment.
- c. The superintendent will notify parents or guardians who have submitted properly completed option applications after March 15th no later than 60 days following submission of the application of the board's acceptance or rejection of the application.

10. Students Who Do Not Need a Release from the Resident District

- a. A student does not need to be released from his/her resident district under the following circumstances:
 - i. When the student has relocated to a different resident school district after February 1
 - ii. When a student's option school district merges with another district effective after February 1
- b. The school district shall accept or reject an application from a student under this paragraph using the criteria set forth in this policy and will accept or reject the application within forty-five days.

11. Cancellation of Option.

Students who option either into or out of the school district shall:

- a. Attend the option school district until graduation or relocation/re-option in a different resident school district unless the student chooses to return to the resident school district, in which case the student's parent or legal guardian shall timely submit a cancellation form to the school board or board of education of the option school district and the resident school district for approval for the following year.
- b. Attend an option school district for not less than one school year unless the student relocates to a different resident school district, completes requirements for graduation prior to the end the school year, transfers to a parochial or private school, or upon mutual agreement of the resident and option school districts cancels the enrollment option and returns to the resident school district.

12. Authority of Superintendent.

The board of education authorizes the superintendent of schools to make decisions on its behalf pursuant to and to apply the criteria articulated by this policy in determining whether to grant or deny option enrollment applications.

Foreign Exchange Students

The school district may accept a foreign exchange student on a non-tuition basis if the student is sponsored by an organized exchange program that is acceptable to the board of education, approved for enrollment, and resides with a host family that lives within district boundaries.

A foreign student is not entitled to tuition-free schooling in the school district merely because he or she resides with a family within the district. The host family and/or sponsoring exchange program must file an application with the administration to enroll the student. In reviewing the application, the administration will consider the following factors:

whether the student possesses a sufficient command of the English language;

whether an appropriate program is available;

whether the student meets the general admission requirements for the school; and

such other factors as are relevant to the admission of the student.

Foreign exchange students who are accepted and enrolled will be subject to all policies and regulations governing the conduct and behavior of resident students.

The district shall not enroll any student during the known term of any expulsion of the student from a private school for an offense for which expulsion is authorized for a public school student unless the board has approved the enrollment by a vote of a majority of the members of the board. Pregnant or Parenting Students

Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs.

I. Accommodations Regarding Attendance and Participation

A. Generally

Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student to develop a plan to assist the student in participating in district curriculum and extra-curricular activities. Such a plan may include:

1. The provision of online courses;
2. The arrangement of meeting times with teachers;
3. The identification of child care providers that meet statutory requirements for quality and care; and
4. All other curricular adjustments, modifications, and means of supplementing classroom attendance deemed appropriate by the school administrators.

B. Students with Disabilities

For students with disabilities who have an IEP or Section 504 plan, the administrators, student's parents or guardians, and student if appropriate will collaborate with the student's educational team to coordinate accommodations consistent with state and federal law. As permitted by law, students may be entitled to accommodations as a result of pregnancy.

II. Accommodations Regarding Lactation and Breastfeeding

A. Accommodations

1. In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public.
2. Students who wish or need to express breast milk on a regular schedule will work with school administrators to create a schedule which accommodates the student's needs while facilitating education to the maximum extent possible.

3. The district will provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

B. Educational Process

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

Homeless Students

1. General Policy

The school district will provide tuition free education for homeless children and youth who are in the district and accord them the educational rights and legal protections provided by state and federal law. Homeless children and youth shall not be stigmatized or segregated on the basis of their status as homeless and shall have access to the same services offered to other students. It is the intent of this policy to remove barriers to the enrollment and retention of homeless children and youth in the school district.

2. Homeless Liaison

The district's homeless liaison is John Denner. Students in homeless situations who require assistance should contact the liaison at 402-793-5164 (phone number) or in person at 318 Kelley St. Diller, NE 68342 (address).

3. Definitions

- a. "Homeless children and youth" means individuals who lack a fixed, regular, and adequate nighttime residence and include
 - i. Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations; are living in emergency or transitional shelters; are abandoned in hospitals or are awaiting foster care placement; and
 - ii. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
 - iii. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
 - iv. Migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

- b. The term "homeless" or "homeless individual" does not include any individual imprisoned or otherwise detained by the act of Congress or by state law.

- c. "Child" and "youth" refers to persons who, if they were children of residents of the District, would be entitled to a free education.

d. The term "unaccompanied youth" includes a youth not in the physical custody of a parent or guardian.

The school district shall immediately contact the school last attended by the student to obtain academic and other records. The school district's homeless liaison shall assist in obtaining necessary immunizations, or immunization or medical records.

5. Transportation. Transportation shall be provided to homeless students to the extent required by law and comparable to that provided to students who are not homeless. At the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), transportation shall be provided to and from the school of origin as follows:

a. If the homeless child or youth continues to live in the area served by the school district, the child's or youth's transportation to and from the school of origin shall be provided or arranged by the school district.

b. If the homeless child's or youth's living arrangements in the area served by the school district terminate and the child or youth, though continuing his or her education in the school district, begins living in an area served by another school district, the school district and the new school district in which the homeless child or youth is living shall negotiate to agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school district. If the districts are unable to agree, the responsibility and cost for transportation shall be shared equally.

6. Dispute Process. If a dispute arises over school selection or enrollment in a school:

a. The child or youth shall be admitted immediately to the school in which enrollment is sought, pending resolution of the dispute;

b. The child, youth, parent, or guardian shall be referred to the district's homeless liaison who shall carry out the dispute resolution process within (30) thirty calendar days after receiving notice of the dispute;

c. The parent or guardian of the child or youth shall be provided with a written explanation of the school's decision regarding school selection or enrollment, including the rights of the parent, guardian, or youth to appeal the decision within (30) thirty calendar days of the time such complaint or dispute is brought.

d. In the case of an unaccompanied youth, the homeless liaison shall ensure that the youth is immediately enrolled in the school in which enrollment is sought pending resolution of the dispute.

7. **Appeal Process**

a. Nebraska Department of Education. If the Complainant is not satisfied with the written decision of the District after the dispute resolution process, the Complainant may appeal the decision of the District to the Commissioner of the Nebraska Department of Education within (30) thirty calendar days of receipt of the decision from the District, pursuant to Nebraska Department of Education Rule 19.

5016 Student Records

The school district shall manage student records and reports as is necessary for effective administration and in compliance with law. In general "student records" shall not include transitory communications such as e-mail, text messages, handwritten communication between school and home, and the like, and these items will not generally be maintained by the district.

For purposes of the district's compliance with state and federal law, the district "maintains" student records which are printed and kept in the student's physical file or which school district staff have intentionally saved within the official school district digital student information system that specifically identifies the student for whom those records are maintained. The school district may also use learning management systems, which deliver and manage instructional content. The school district maintains student records within its student information system but not in its learning management system. The official school district student information system is Powerschool.

Each building principal will assign responsibilities for the preparation and maintenance of records and will ensure compliance with the applicable federal and state laws, regulations, and record retention schedules regarding their storage and use in the building. No "student record" or record required to be retained by the Nebraska Secretary of State's Record Retention Schedules applicable to the district will be destroyed unless it is first saved in a retrievable, digital format. This includes only records required to be kept by the applicable Retention Schedules and "student records" as defined by state and federal law, and this policy does not prohibit the district from following its record expungement procedures for all other records.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. For purposes of this policy, "teachers" include paraeducators and volunteers who are providing educational services to a student on behalf of the School District. "School administrators" include attorneys, members of law enforcement acting on behalf of the school district as well as third-party website operators who have contracted with the school district or its agent to offer online programs for the benefit of students and the district. No other person shall have access thereto nor shall the contents thereof be divulged in any manner to any unauthorized person. All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance

clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent or upon issuance of a valid court order.

The school district shall share student data, records, and information with school districts, educational service units, learning communities, and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.

Directory information does not include a student's social security number.

Upon request, the district will provide military recruiters and institutions of higher education with the names, addresses and telephone listings of high school students unless a student's parents have notified the district that they do not want this information disclosed without their prior written consent

Parent and Guardian Involvement In Education Practices

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
 - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
 - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
 - c. A parental request to review specific standardized and criterion- referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide NeSA assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
 - b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
 - a. Building principals may excuse a student from any single school experience at the parent's written request.

- b. When appropriate, alternative experiences will be provided for the student by the school.
- 4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
- 5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
- 6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
 - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

- b. State Assessments

The District cannot approve requests to opt out of state assessments. Approval of such requests is contrary to state law.

- c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

- 7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
 - a. The principal must approve all surveys intended to gather information from students before they are administered to students.

- b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

Rights of Custodial and Non-Custodial Parents

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term “custodial parent” refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students’ records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent’s request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents’ behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

Investigations, Arrests, and Other Student Contact by Law Enforcement and Health and Human Services

The school district and its administrators and staff desire to maintain a positive working relationship with law enforcement officers and other representatives of governmental bodies in the discharge of their duties. However, this desire must be balanced against other equally important factors such as a student's legal rights, ensuring that a student's time spent in school is for education, and acknowledging that the school stands *in loco parentis* to the students.

"Law enforcement officer" means police officers, county sheriffs, state patrolmen, Health and Human Service workers, Child Protective Services workers, Office of Juvenile Services workers, probation officers, U.S. Immigration and Customs Enforcement (ICE) agents, Federal Bureau of Investigations agents, or any other government investigatory workers.

"Parent" means the biological or adoptive mother or father, guardian, responsible relative, or any other person who has claimed legal or actual charge or control of the student pursuant to Nebraska law or Title 92 Nebraska Administrative Code Chapter 19.

Law enforcement officers are encouraged whenever possible to talk to a student away from the school before or after school hours so as to cause as little disruption as possible to the student's education.

Law enforcement officers may be called to the school at the request of school administration, or they may initiate contact with the school for their own purposes. Contact between the school and law enforcement officers on matters involving students shall be made through the office of the superintendent or building principal and the law enforcement officer. All reasonable attempts should be made to avoid embarrassing the student before his or her teachers and peers, and to avoid disrupting the student's and school's education program. Any questioning by law enforcement officers that is permitted should be conducted in a private room or area where confidentiality can be maintained. This should be an area removed from observation by or contact with other pupils and school personnel.

School staff shall promptly notify the superintendent when a student is questioned, arrested, or removed from school grounds by law enforcement officers.

School Related Criminal Activity

This section applies to alleged or suspected criminal activity that occurs on school grounds; in a vehicle owned, leased, or contracted by a school being used for a school

purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event.

Law enforcement officers will be allowed to contact and question students at school regarding school related criminal activity as provided below.

The building principal must be notified before a student may be questioned in school or taken from a classroom by law enforcement. The building principal should request identification of the officers, their affiliation with the identified law enforcement agency, and whether their purpose is to interview, interrogate, or take custody of the student.

The building principal will make reasonable attempts to contact a student's parent for their consent and/or presence before the student is interviewed. In the event that a parent cannot be contacted after reasonable attempts, the student will be questioned only if the law enforcement officer identifies emergency circumstances requiring immediate questioning. A building principal or designee shall be present for such questioning. The student will be brought to a private room and the contact will be made out of sight of others as much as practicable.

If the student is suspected of criminal activity, it is the responsibility of the law enforcement officer to advise a student of his or her rights against self-incrimination.

If at any time the district's representative believes that the questioning is being conducted in an inappropriate manner and clearly contrary to the rights of the student, then the representative shall request that the law enforcement activities cease. The building principal will also make another attempt to contact the student's parent.

The building principal shall document steps taken to notify parents, summarize the law enforcement activities, identify the actions taken by the District on behalf of the student, and any further contacts with law enforcement officer.

Non-School Related Criminal Activity

Law enforcement officials may not question students at school unless parental consent is obtained or the law enforcement authorities have a warrant or court order.

Taking a Student into Custody

Law enforcement officers seeking custody of a student must contact the superintendent or building principal. The principal will request the arresting law enforcement officer to provide a copy of the arrest warrant, written parental consent, court order, or other document giving authority to take the student into legal custody. If there is no document presented, the principal should obtain the officer's name, badge number identifying the law enforcement agency, date, time, the reason for the arrest, and the place to which

the student is reportedly being taken. Whenever practicable, the arrest or release of the student should be conducted in a location and in a manner that minimizes observation by others.

When a law enforcement officer removes a student from the school, the building principal will take immediate steps to notify the parent about the student's removal and the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse.

Child Abuse and Neglect

When law enforcement officers seek to investigate reports of alleged child neglect or abuse regarding a student, the building principal shall obtain a proper identification from the authorities or officials. If a student interview is conducted on school grounds, the building principal or designee and such other school personnel as appropriate shall observe the interview.

If the law enforcement officer decides to remove the student from school, school officials shall provide the law enforcement authorities with the address and telephone number of the student's parent or guardian. The principal or other school official shall, as a condition of releasing the student to the law enforcement officer, require the officer to sign a statement certifying that the child is being removed from school premises because he or she is believed to be the victim of child abuse and that the officer understands and will comply with the legal requirements of NEB. REV. STAT. § 79-294.

Student Records

Student records will be shared with law enforcement officers only as allowed by state and federal law.

Student Illness

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and supports under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and make arrangements for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Medication of Students

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

1. Prescription medication

- a. Parents/guardians must provide a physician's written authorization for the administration of the medication.
- b. Parents/guardians must provide their own written permission for the administration of the medication.
- c. The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

2. Non-prescription medication

- a. Parents/guardians must provide written permission for the administration of the medication
- b. The medication must be brought to the school in the manufacturer's container.
- c. The container must be labeled with the child's name and with directions for provision or administration of the medication

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard

pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Sexual Harassment of Students by Other Students

Students should be provided with an environment that is free from unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct constituting sexual harassment. The board of education unequivocally prohibits sexual harassment by its students against other students even when the affected student does not complain to the faculty or the administration.

Sexual harassment is a form of misconduct that wrongfully deprives students of their dignity and the opportunity to study and be in an environment free from unwelcome sexual overtones. Sexual harassment includes all unwelcome sexual advances, requests for sexual favors and other such verbal or physical misconduct. Sexual harassment means:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical misconduct of a sexual nature constitutes sexual harassment when such conduct has the purpose or effect of unreasonably interfering with an individual's educational opportunities or creates an intimidating, hostile or offensive learning environment.

A student who feels he or she has been sexually harassed by another student should directly inform the offending student that the conduct or communication is offensive and must stop. If the student does not wish to communicate directly with the offending student, or if direct communication has been ineffective, the student should report the conduct or communication to the Title IX coordinator or to a teacher, principal or counselor with whom she or he feels comfortable.

Regardless of the means selected for resolving the problem, the good faith initiation of a complaint of sexual harassment will not cause any reflection on the complaining student, or affect his or her status as a student.

Any student who sexually harasses another student will be subject to discipline up to and including expulsion, depending on the severity of the misconduct. A decision to take disciplinary action under this policy may be based on the statements of a complaining student, statements, observations of educators, or any other credible evidence.

This policy pertains to sexual harassment of students by other students. The sexual harassment of students by school district employees is governed by other board policy.

5035 Student Discipline

Students who violate school rules will face disciplinary consequences up to and including expulsion from school. The code of conduct and procedure for imposing discipline on students is set forth in Board Policy 6024 and the student handbook. The board of education will not consider an appeal of any disciplinary sanction unless the student and his/her family have complied with all applicable procedures.

Disciplinary problems should first be handled by the teacher. If the teacher is unable to resolve a problem it shall be referred to the Principal. If the problem is serious, or of a continuous nature, it shall be brought before the Superintendent. If after consideration, it is found to be in the best interest of the school, the student may be temporarily suspended from school until the next regular meeting of the Board of Education. Any student so suspended may be readmitted by the Superintendent prior to the Board of Education meeting.

Suspensions Suspension constitutes a removal of a student from their class(es) or activity by the administration. The student will be allowed due process. All curricular work is to be done during a suspension and given to their teachers, but credit may be forfeited.

In-school suspension results in the student spending the school day in a time out room. The student is not eligible for extracurricular activities during this time. The suspension may not exceed five days.

Out-of-school suspension results in the withdrawal of the student from the building. The student is not eligible for extracurricular activities.

Examples of conduct, but not necessarily the only reasons a student may be suspended are:

1. Use or possession or being under the influence of a controlled substance without medical supervision.
2. Any act which threatens to endanger the life, safety, or property of a student or employee of the Diller-Odell School. Possession of a firearm as determined by Federal and State definition on any Diller-Odell School property will result in administrative recommendation for suspension or expulsion for a period of one year.
3. Any overt act of vandalism against the school, equipment or property.
4. Continual disruptive classroom behavior.
5. Continual violation of administrative rules and guidelines.
6. The possession of or use of any weapon on school grounds

Due process shall be given any student prior to suspension.

I. Student Expectations in the Use of the Internet

A. Acceptable Use

1. Students may use the Internet to conduct research assigned by teachers.
2. Students may use the Internet to conduct research for classroom projects.
3. Students may use the Internet to gain access to information about current events.
4. Students may use the Internet to conduct research for school-related activities.
5. Students may use the Internet for appropriate educational purposes.

B. Unacceptable Use

1. Students shall not use school computers to gain access to material that is obscene, pornographic, harmful to minors, or otherwise inappropriate for educational uses.
2. Students shall not engage in any illegal or inappropriate activities on school computers, including the downloading and copying of copyrighted material.

5. Students shall not disclose personal information, such as their

names, school, addresses, or telephone numbers outside the school network.

6. Students shall not use school computers for commercial advertising or political advocacy of any kind without the express written permission of the system administrator.
7. Students shall not publish web pages that purport to represent the school district or the work of students at the school district without the express written permission of the system administrator.
8. Students shall not erase, rename or make unusable anyone else's computer files, programs or disks.
9. Students shall not share their passwords with fellow students, school volunteers or any other individuals, and shall not use, or try to discover, another user's password.

13. Students shall not take home technology equipment (hardware or software) without permission of the system administrator.
14. Students shall not forge electronic mail messages or web pages.

II. Enforcement

A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage and patterns of Internet usage. Students have no right

of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.

2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
 - a. Loss of computer privileges;
 - b. Short-term suspension;
 - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
 - d. Other discipline as school administration and the school board deem appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

III. Children's Online Privacy Protection Act (COPPA)

- A. The school will not allow companies and to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.

- B. This policy allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

Safe Pupil Transportation Plan

It is the goal of the school district to provide safe, comfortable and reliable transportation for bus-riding school children.

1. Emergency Procedures

a) Mechanical breakdown

In the event of a mechanical breakdown, the driver will:

- 1) Stop the vehicle in a safe location
- 2) Keep passengers in the vehicle, if it is safe to do so
- 3) Take steps to warn motorists, by activating hazard lights and placing emergency triangles
- 4) Radio or call for assistance

b) Injuries/Medical Emergencies

If a student is seriously injured or suffers from a medical emergency, the driver will stop the vehicle at the first safe opportunity. The driver will provide emergency medical assistance in accordance with the driver's first aid training. The driver will notify the school district of the emergency using the radio or other communication equipment. The district will then summon emergency medical services by immediately calling 911 and notify administrative personnel.

c) Severe Weather

1) Tornadoes.

If the driver determines that there is likelihood that a tornado will hit the vehicle, and there is not an escape route available or time to drive to a safe location, the driver will evacuate the vehicle, taking only the first aid kit. The driver will take the students to the basement of a nearby building or to the nearest depression or ditch upwind (toward the storm) of the vehicle far enough away from the vehicle so that it will not roll over on the students. The driver should instruct students to cover their heads with their arms. If the students are wearing coats or jackets, they can be used to provide additional protection for their heads and bodies. If there is no time to evacuate the students after stopping the vehicle, the driver should have the

students remain in their seats and assume a protective position with their heads below window level.

2) **Winter Weather**

If the school district or driver determines that a trip is too dangerous to drive due to winter weather conditions, the district will cancel the trip.

Parents should ensure that students are appropriately dressed for winter conditions.

d) **Weapons, Hazardous Substances and Dangerous Contraband**

If a driver discovers that a passenger may have a weapon, hazardous substance or other dangerous contraband on the vehicle, he or she should remain calm and call for assistance. The driver should not inform passengers of the presence of the weapon or other contraband.

e) **Terroristic Threat**

If a driver receives a terroristic threat that he or she deems credible, he or she will notify the school district of the threat using the radio or other communication equipment. After consulting with school officials, the driver will determine whether the threat requires evacuation of the bus. The school will promptly notify the authorities of the threat.

For purposes of this policy, a terroristic threat is a threat to commit any crime of violence or to burn or damage property with the purpose of terrorizing another or of causing the evacuation of the bus or in reckless disregard of causing such terror or inconvenience

f) **Emergency Incident Reports**

Drivers will provide written documentation of any of the emergency events specified in this policy by completing the incident form attached hereto. This documentation must be submitted to the school administration within 24 hours of the event.

2. **Drop-off**

Drivers will drop students off at a location pre-determined through communication between the school district and parents/guardians. In the event the drop-off location is uncertain or appears to be unsafe, the driver

will communicate with school staff in the building to seek additional guidance.

In no event will a driver drop a student off in a location which in the reasonable judgment of the driver appears to be unsafe. Drivers who believe the drop-off location to be unsafe shall release students directly into the custody of a parent/guardian or shall return students to their school building.

3. Evacuation of Students With Disabilities

The Transportation supervisor, in consultation with bus drivers and members of the administrative team, shall develop a written emergency evacuation plan for each bus route. The plan shall include an assessment of each student's ability to evacuate himself or herself as well as his or her ability to assist others. Disabled students should practice their evacuation skills as required of their non-disabled peers if possible during evacuation drills. Students or other individuals who will be assisting disabled students evacuate during emergencies should practice this skill during evacuation drills. Drivers or students who will be assisting with the evacuation process should be familiar with any equipment on the bus that would aid in the actual evacuation.

4. Student Behavior on School Vehicles

Riding school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles.

a) Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.

- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Student must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include:

- 1) Note home to parents
- 2) Suspension of bus riding privileges
- 3) Exclusion from extracurricular activities
- 4) In-school suspension

- 5) Short term or long term suspension from school
- 6) Expulsion

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

The District's general policy is to provide for free instruction in accordance with the Nebraska State Constitution. The District also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the District is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or Board regulations. Students are encouraged to contact their building administration, their teachers or their coaches and sponsors for further specifics.

A. Definition.

- 1.** "Students" shall mean students enrolled in the school district. "Students and their parents" shall mean students, their parents, guardians or other legal representatives.
- 2.** "Extracurricular activities" shall mean student activities or organizations that (1) are supervised or administered by the District; (2) do not count toward graduation or advancement between grades; and (3) are not otherwise required by the District.
- 3.** "Post secondary education costs" shall mean tuition and other fees associated with obtaining credit from a post secondary educational institution.

B. Listing of Fees Charged by this District.

1. Guidelines for clothing required for specified courses and activities:

Students are responsible for complying with the District's grooming and attire guidelines. They are also responsible for furnishing all clothing required for any special programs, courses or activities in which they participate. The teacher, coach, or sponsor of the activity will provide students with written guidelines that will detail any special clothing requirements and explain why the special clothing is required for the specific program, course or activity.

2. Safety equipment and attire.

The District will provide students with all safety equipment and attire that is required by law. Building administrators will assure that (a) such equipment is

available in the appropriate classes and areas of the school buildings, (b) teachers are directed to instruct students in the use of such devices, and (c) students use the devices as required. Students are responsible for using the devices safely and as instructed.

5. Extracurricular activities.

The District may charge students a fee to participate in extracurricular activities to cover the District's reasonable costs in offering such activities. Therapy Dogs

The school district supports the use of therapy dogs by teachers or other qualified school personnel (“Owner”) for the benefit of its students subject to the conditions of this policy.

Therapy Dog. A “therapy dog” is a dog that has been individually trained and certified to work with its Owner to provide emotional support, well-being, comfort, or companionship to school district students. Therapy dogs are not “service animals” as that term is used in the American with Disabilities Act. The dog must be well behaved and have a temperament that is suitable for interaction with students and others in a public school. Therapy dogs are personal property of the teacher or employee and are not owned by the school district.

Therapy Dog Standards and Procedures. The following requirements must be satisfied *before* a therapy dog will be allowed in school buildings or on school grounds:

Request. An Owner who wants to bring a therapy dog to school must submit a written request form to a principal or superintendent. The request form is attached to this policy. The request must be renewed each school year or whenever a different therapy dog will be used.

Training and Certification. The Owner must submit the American Kennel Club’s Canine Good Citizen Certification or its equivalent as determined by the Superintendent. The certification must remain current at all times.

Health and Vaccination. The therapy dog must be clean, well groomed, in good health, house broken, and immunized against diseases common to dogs. The Owner must submit proof of current licensure from the local licensing authority and proof of the therapy dog’s current vaccinations and immunizations from a licensed veterinarian.

Control. A therapy dog must be under the control of the teacher or school employee through the use of a leash or other tether unless the use of a leash or other tether would interfere with the therapy dog’s safe, effective performance of its work or tasks. However, the therapy dog must be under the owner’s control at all times.

Identification. The therapy dog must have appropriate identification identifying it as a therapy dog.

No Disruption. The therapy dog must not disrupt the educational process by

barking, seeking attention, or any other behavior.

Health and Safety. The therapy dog must not pose a health and safety risk to any student, employee, or other person at school.

Supervision and Care of Therapy dogs. The Owner is solely responsible for the supervision and care of the therapy dog, including any feeding, exercising, and clean up while the animal is in a school building or on school property. The school district is not responsible for providing any care, supervision, or assistance for a therapy dog.

Authorized Area(s). The Owner shall only allow the therapy dog to be in areas in school buildings or on school property that are authorized by school district administrators.

Insurance. The Owner must submit a copy of an insurance policy that provides liability coverage for the therapy dog while on school property.

Exclusion or Removal from School. A therapy dog may be excluded from school property and buildings if a school administrator determines that:

- (1) A handler does not have control of the therapy dog;
- (2) The therapy dog is not housebroken;
- (3) The therapy dog presents a direct and immediate threat to others in the school; or
- (4) The animal's presence otherwise interferes with the educational process.

The Owner shall be required to remove the therapy dog from school premises immediately upon such a determination.

Allergic Reactions. If any student or school employee assigned to a classroom in which a therapy dog is permitted suffers an allergic reaction to the therapy dog, the Owner of the animal will be required to remove the animal to a different location designated by an administrator.

Damages to School Property and Injuries. The Owner of a therapy dog is solely responsible and liable for any damage to school property or injury to personnel, students, or others caused by the therapy dog.

Therapy dog in Training. This policy shall also be applicable to therapy dogs in training that are accompanied by a bona fide trainer.

Upon discovering the presence of any indication of lice, louse eggs, or nits, the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice, eggs, or nits can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

Audio and Video Recording

Students and their parents or guardians should assume that any class in which students are enrolled may be recorded by the school district or other students for legitimate educational purposes. Recordings permitted pursuant to this policy may only be used by students for personal academic purposes and may not be republished without additional, written consent from a school administrator. For purposes of this policy “recording” includes still photographs, video, audio, and other similar data captured in any medium.

Recordings Made by The District. The district may use cameras or other devices for purposes of making security, safety, or other recordings without a specific purpose or for a specific purpose when such recordings are deemed necessary or appropriate by the administration. The district will not maintain the recordings unless the recording is purposefully copied and saved, and the recordings will only be available for review for a limited time based on the district’s then-current recording capacity. The district administrators estimate that this is approximately 10 days but may change at any time.

Classroom Recordings by Staff. Staff members may make audio and video recordings of classroom instruction and school activities upon authorization of the superintendent or supervising administrator.

Prohibited Recordings by Students. Unless otherwise authorized by this policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. For example, students making recordings of an athletic event for their personal use similar to a parent or other patron are permitted, but students are still subject to the district’s appropriate use and student discipline policies.

Permitted Classroom Recordings by Students. Students may make audio or video recordings of classroom lectures or discussions:

- (1) For their convenience after providing notice to the classroom teacher and receiving the teacher’s permission;
- (2) For the benefit of another student who is absent after providing notice to the classroom teacher and receiving the teacher’s permission;
- (3) If recording is necessary to accommodate the student’s disability and is required by the student’s Individualized Education Plan (IEP) or Section 504 Plan.

Staff may revoke permission to record if the recording distracts from or disrupts the classroom environment, unless the recording is necessary to accommodate a student’s

disability.

Permitted Non-classroom Recordings. Students may make audio or video recordings otherwise prohibited by this policy outside the classroom only with the permission of a teacher or school administrator, provided that such recordings otherwise comply with any applicable state and federal laws and district policy. In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy.

Students who are involved in extra curricular activities sponsored by the school will be covered by the student policy above and in addition:

Extracurricular Drug Testing Program

The school district supports and values student participation in extracurricular activities, but such participation in school district extracurricular activities is a privilege and not a right. Students in all extracurricular activities in grades 7-12 shall be subject to mandatory and random testing for the presence of alcohol or illegal drugs.

9. Purpose of Random Drug Testing

- a. The school district has recognized that observed and suspected drug and alcohol use and abuse has increased among the student population, including students participating in extracurricular activities.
- b. The school district seeks to provide safe, drug-free schools.
- c. The school district seeks to deter the use of illegal and prohibited drugs and alcohol among students.
- d. The school district recognizes that students who use illegal and prohibited drugs pose a threat to the health and safety of themselves, other students, teachers, administrators, and other persons.
- e. The school district finds that the drug and alcohol problem among the student body will be effectively addressed by making sure that the large number of students participating in extracurricular activities do not use drugs and alcohol.

10. Notice. Each student who participates or seeks to participate in extracurricular activities shall be given a copy of this policy. This policy may also be included in the student handbook.

11. Drug Testing Coordinator. The Drug Testing Coordinator shall be the Principal or his or her designee unless otherwise indicated.

12. Extracurricular Activities. This policy applies to any activity that meets the guidelines of an extracurricular activity at the school district which includes but is not necessarily limited to the following:

Football	Volleyball	Softball
Basketball	Track	Golf
Music	Quiz Bowl	Speech
FFA	One Act	Cheer
FBLA	Student Council	Art Club

13. Students Who Are Required to Submit to Drug Testing

- a. **Grades.** All students in grades 7-12 who participate in any extracurricular activity or competition are part of the pool subject to random drug testing.
 - b. **Consent.** A student and his or her parent(s)/guardian(s) must sign a consent form before the student shall be eligible to try out for, practice with, or participate in the extracurricular activity. The consent form is attached to this policy.
 - c. **Selection Pool Eligibility.** Students shall remain in the selection pool for an entire calendar year (365 days) from the date the consent form is received by the school district except that students who quit during the season or activity (prior to being selected for testing) or students who are cut from an activity will be removed from the testing pool.
 - d. **Withdrawal.** Students who have a consent form on file remain eligible for drug tests from the date the consent form is received by the school district and throughout the remainder of the school year or until the student files a Withdrawal of Student from Activity form signed by the student and his or her parent(s)/guardian(s). Upon withdrawal, the student shall not be eligible to participate in any activity that is subject to drug testing for the remainder of the school year. A student who files a Withdrawal of Student from Activity form after selected for a random drug test but before submitting to the test or after testing positive shall be ineligible to participate in any extracurricular activities for one calendar year from the date the Withdrawal of Student from Activity form is received by the Drug Testing Coordinator.
14. **Drugs.** Students participating in extracurricular activities are prohibited from using, possessing, distributing, manufacturing, or having drugs present in their system. "Drugs" means:
- a. Any substance considered illegal by the Uniform Controlled Substances Act, Neb. Rev. Stat. § 28-401 *et seq.*
 - b. Any substance which is controlled by the Food and Drug Administration unless prescribed to the student by any licensed medical practitioner authorized to prescribe controlled substances or other prescription drugs;
 - c. Alcohol for any student under the age of 21. Alcohol shall have the meaning as provided in NEB. REV. STAT. § 48-1902(1).

15. Testing Procedures

- a. **Student Selection.** All students who participate in extracurricular activities and submit a consent form will be included in a master list and

will be subject to random drug screening. The master list shall be submitted to the company employed by the district to conduct the testing.

- b. Reasonable Suspicion Testing.** In addition to random drug testing, a student is subject to drug testing at any time when the Drug Testing Coordinator determines there is individualized reasonable suspicion based upon articulable facts to believe that the student has used a drug. The Drug Testing Coordinator will notify the student and take the necessary steps to schedule a test as soon as practicable.
- c. Parental Request.** Students who do not participate in extracurricular activities may be added to the random drug screening master list upon parental request. Parent(s)/guardians may also request that their student be subject to non-random drug screening. The school will arrange for the test as soon as practicable. The parent(s)/guardian(s) making a request under this subparagraph must submit a signed consent form and indicate which type of test is being requested. Any cost associated with tests administered as a result of parental request must be paid by the parent(s)/guardian(s) in advance of the test.
- d. Type of Test.** The school district reserves the right to utilize breath, saliva, hair or urinalysis testing procedures. Urine and oral fluid samples which screen positive will be confirmed by GC/MS. Positive saliva or breath alcohol tests will be confirmed by EBT (Evidential Breath Tester).
- e. Collection Site.** The Drug Testing Coordinator will designate the collection site at which student will provide specimens. The collection site may be off the premises of the school district.
- f. Collection Procedures.** The school board will select a Drug Program Administrator (DPA). The DPA shall randomly select the students subject to drug testing from the master list. The DPA will maintain and follow generally accepted industry standards for collecting, maintaining, shipping, and accessing all specimens. The DPA will seek to obtain the sample in a manner designed to insure accurate testing protocols while minimizing intrusion into a student's privacy. The DPA and the school district will provide a copy of the collection procedures upon request.
- g. Drugs.** Students may be randomly tested for any drugs, including but not limited to alcohol, amphetamines, marijuana or cannabinoids, cocaine, methadone, methaqualone, propoxyphene, hallucinogens, opiates, phencyclidine, synthetic opiates and PCP, steroids, barbiturates, benzodiazepines, alcohol, and any prescription drug that was obtained without proper authorization.

- h. Results.** The DPA shall notify the student and the Drug Testing Coordinator of any positive test after the initial screening. The school representative shall notify the student's parents. The DPA will use a secure method to transmit all positive test results to the DPA's Medical Review Officer (MRO). The MRO will be certified by an MRO accreditation body. The MRO will be responsible for reviewing test results and determining whether the use of a substance identified by the sample analysis is from illicit use or a legitimate medical use. Prior to making a final decision, the MRO or his or her assistant shall contact the student and his or parent(s)/guardian(s) to discuss the result either face-to-face or over the telephone. If the MRO determines the test results are negative, no further action shall be taken against the student. The MRO will report results of verified positives to the DPA. The DPA shall then notify the Drug Testing Coordinator of the positive test result. The Drug Testing Coordinator shall notify the student and his or her parent(s)/guardian(s) and any staff members responsible for implementing the consequences of this policy.
- i. Request for a Retest.** A split specimen will be collected for all testing methods, with the exception of alcohol testing. A positive alcohol test will be confirmed with an EBT device. A student's parent(s)/guardian(s) may request that the split specimen be tested at a second nationally certified laboratory from a list provided by the MRO. The request for the test must be submitted in writing to the MRO (with a copy sent to the Drug Testing Coordinator) within 72 hours of being notified of the final testing result. The student and his or her parent(s)/guardian(s) must pay the associated costs for an additional test in advance. The costs will be reimbursed if the result of the split sample test is negative. The student will remain subject to the consequences of this policy during the retesting procedure.

16. Negative Tests. Students and their parents will receive verbal or written notice when the student's test result is negative.

17. Consequences for Testing Positive. Whenever the test results indicate the presence of drugs, Drug Testing Coordinator shall schedule and hold a confidential meeting with the student, parent/guardian, and sponsor/coach. Other members of the school's administration may also attend the meeting. At the meeting, the Drug Testing Coordinator shall explain the drug testing procedures and the policy of the district. The consequences shall be as follows (**All offenses are cumulative in grades 7-8. Offenses that occur in grades 7-8 shall not count as offenses in grades 9-12. All offenses are cumulative in grades 9-12:**

a. First Offense

- i.** The student shall be required to attend practice.

The student shall provide written proof of obtaining the assessment to the Principal. The student is strongly encouraged to comply with the assessment recommendations.
- iv. The student must submit to a district administered test and test negative before returning to the activity. The student will be subject to follow-up drug tests at least one time per month for the next 6 months or end upon graduation.

c. Third Offense

d. Fourth Offense

- i. The student will be ineligible to participate in any extracurricular activity for the remainder of the student's time at the school district.

18. Refusal to Test

A student who refuses to submit to a drug test authorized under this policy, or fails or refuses to comply with any other provision of this policy, shall not be eligible to participate in any activities covered under this policy including all meetings, practices, performances and competitions for the remainder of the school year.

19. Tampering

Tampering is the use of any agent or technique which is designed to avoid detection of a drug and/or compromise the integrity of a drug test and is prohibited. This includes providing false urine samples (for example, urine substitution), contaminating the urine sample with chemicals or chemical products, the use of diuretics to dilute urine samples, and the use of masking. [If the Drug Testing Coordinator determines that a student tampered with a drug test, the student shall be deemed to have submitted a positive test.]

The use of any such agent or technique shall be treated as a positive test for drugs prohibited by this Policy and shall be subject to the penalties set forth in Section 9 of this Policy.

20. Maintenance of Records

All results of drug testing shall be confidential. Procedures for maintaining confidentiality will be developed by the school district and the testing organization. The Drug Testing Coordinator shall maintain records of positive tests in a secure location. This information will not be available to anyone other than appropriate school personnel and parents. This information will be destroyed upon the student's graduation or one year after the student's class graduates. Under no circumstances will this information become a part of the student's permanent file, nor will it be sent to another school when the student moves to another district or transfers to another school. The school district will not share drug testing results with any law enforcement agencies.

21. Appeal.

The school district will rely solely upon the opinion of the MRO to determine whether the positive test result was the result of the consumption of a drug. There shall be no appeal of the test result to any school administrator or the board of education.

22. Severability

If any portion of this policy is deemed to be contrary to the law of the state of Nebraska or the United States by judicial decision or an act of Congress, then only such portion or provision directly deemed to be unconstitutional shall be stricken, and the remainder of the policy shall remain in full force.

Student assessment by grade level will be reported to the public on an annual basis.

1. State Assessments:

Diller-Odell Public Schools will maintain an assessment plan and has aligned the curriculum with the state approved content standards. The assessment plan includes a schedule and procedures for assessing success in achieving state standards.

Teachers are to clearly articulate the learning targets and align instruction to the learning targets within each of the content standards. Teachers are to give students instruction on the content prior to students being assessed on each content standard in order to provide learning opportunities for all students.

The assessments are to be conducted in accordance with the assessment plan schedule. Teachers are to conduct the assessments in a manner that assures it accurately assesses whether or not students are meeting the targets outlined by the content standards.

Assessment results are to be reported by the teachers in the manner and within the time directed by the administration or designee.

2. Achieving Valid Assessments:

Educators are responsible for maintaining the integrity of assessments to ensure that assessments provide a valid measure of student progress and accomplishments. Assessments include both “standardized assessments” (including state assessments, norm referenced tests, and evaluations conducted for special education eligibility) and “coursework assessments” (e.g., classroom tests, quizzes, and other evaluative tools used to assign grades).

Assessments—Academic Content Standards

The Board of Education adopts the attached academic content standards for Language Arts which are equal to or exceed in rigor the standards of the State Board of Education (“State Board”) that were adopted by the State Board on December 11, 2008 and revised by the State Board on April 2, 2009, the attached Mathematics standards that were approved by the State Board on October 8, 2009, the attached academic content standards for Science which are equal to or exceed in rigor the standards of the State Board that were approved by the State Board on October 6, 2010 and the attached Social Studies standards which are equal to or exceed in rigor the standards of the State Board that were approved by the State Board on December 7, 2012.

Unless other action is taken, the Board of Education adopts the standards of the State Board as such standards are subsequently adopted or amended by the State Board.

The administration shall be responsible for implementing assessments on the state standards in accordance with the procedures established by the State Board and the Department of Education, including conducting assessments in the same subject areas and the same grade levels as established in the state standards, and the reporting of scores and sub-scores.

Certificate of Attendance

Special Need Students, who are unable to benefit from the normal educational program provided by the school, and who, because of their abilities are unable to complete the requirements for graduation may be granted a diploma if they meet all the requirements as outlined in their Individual Educational Plan, and with Board of Education approval. Participation in class activities related to graduation will not be denied such a student.

Upon the request of a parent/guardian, Diller Odell Public Schools will issue a certificate of attendance to a student who receives special education services, who has reached the age of seventeen, and who has not completed his/her individualized education plan (IEP).

A student who receives such a certificate of attendance will be allowed to participate in the high school graduation ceremony with students receiving high school diplomas. A student may receive only one certificate of attendance and may participate in only one graduation ceremony at the time the certificate is granted. The receipt of a certificate of attendance under these circumstances would not affect Diller Odell Public Schools' obligation to provide special education services to a student receiving the certificate.

Diller Odell administration may, upon the request of a parent/guardian, allow a student who has participated in a graduation ceremony based on a certificate of attendance to participate in an additional graduation ceremony when the student receives a high school diploma.

Communicable Disease Regulations

A student with a communicable condition will be allowed to attend school in his/her usual class setting with the written approval of the student's physician stating that the disease is not in a communicable stage. Without such written statement, a student with a communicable condition is subject to an emergency exclusion. When a child is sent home because of suspected reportable communicable disease, a report will be provided to the Board of Health without delay.

Decisions regarding the type of educational setting for these students will be based on the behavior, neurological development and physical condition of the student and the expected type of interaction with others in that setting.

The privacy of the student and his/her family must be protected and knowledge that a person has a communicable condition should be confined to persons with a direct need to know. If it becomes necessary to inform others, these persons will be provided with information concerning necessary precautions and will be made aware of confidentiality requirements.

Students who present a high risk of disease transmission may be temporarily excluded from school by the administration after consultation with some or all of the student's physicians, parent, and /or their representatives, school nurse and medical advisor(s).

A student might be considered at high risk if he/she exhibits behaviors that may spread the disease (e.g. biting, lacks toilet training or is incontinent) or has an open sore that cannot be concealed or hygienically covered, any of which could result in direct spreading of the condition or disease.

During the time a student is excluded from the classroom, an appropriate alternative or adjustment to the student's education will be provided. Long-term cases should be medically reviewed monthly at a minimum.

Any other students residing in the same household or otherwise at risk of infection should be inspected as soon as possible after the initial diagnosis.

The student will not be excluded from school the day of the diagnosis unless the student has been diagnosed previously and attempts at treatment have failed. No healthy child should be excluded from or allowed to miss school time because of bed bugs unless efforts to remedy an infestation have been unsuccessful.

If bed bugs are found in a classroom or elsewhere in the building, the school will notify parent(s) and guardian(s) of all students so that the students' clothing and other belongings may be inspected before bringing them into the home. The school will not be closed due to a bed bug presence. If pest management is necessary, it will be provided to affected areas of the school.

The board of education finds that allowing students who elect to receive their education in a non-accredited private and/or home school under Title 92 of the **Nebraska Administrative Code**, Chapter 13 to participate in the curricular or extracurricular programs of the school district would create significant administrative difficulties for the district. Those difficulties include, but are not limited to:

- the problems posed by admitting students to courses for which they had not completed prerequisite courses
- the impossibility of testing them for participation in such courses
- the increased burden on teachers and administrators
- the rules and regulations of the Nebraska State Activities Association, which require schools to monitor the academic eligibility of students who participate in extracurricular activities

Therefore, such students will not be allowed to participate in the district's curricular programs on a part-time basis (e.g., a home-school student may not take a high school chemistry class) except for state and/or federally-mandated special education services. Such actions may include, but need not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a

determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.

2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he or she is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to explain the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal will send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.
4. Students who are short-term suspended will be given the opportunity to complete classwork, including but not limited to examinations, under the following conditions: set by administration.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Weapons and/or Firearms

Students may be disciplined for the possession of weapons and/or firearms pursuant to the board's separate policy on weapons and firearms or state law.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b)

within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.

Grounds for Long-Term Suspension, Expulsion or Mandatory Reassignment:

The following conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, subject to the procedural provisions of the Student Discipline Act, NEB. REV. 2. The Principal shall serve the student and the student's parents or guardian with a written notice by registered or certified mail or personal service within two school days of the date of the decision to recommend long-term suspension or expulsion. The notice shall include the following:
 - a. The rule or standard of conduct allegedly violated and the acts of the student alleged to constitute a cause for long-term suspension, expulsion, or mandatory reassignment, including a summary of the evidence to be presented against the student;
 - b. The penalty, if any, which the principal has recommended in the charge and any other penalty to which the student may be subject;

A statement that the principal, legal counsel for the school, the student, the student's parent, or the student's representative or guardian has the right (i) to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and (ii) to know the identity of the witnesses to appear at the hearing and the substance of their testimony; and
 - f. A form on which the student, the student's parent, or the student's guardian may request a hearing, to be signed by such parties and delivered to the principal or superintendent in person or by registered or certified mail.
3. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent, if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.

Student Cell Phone and Other Electronic Devices

Students may use cellular phones or other electronic devices with permission while at school, so long as they do so safely, responsibly and respectfully.

By bringing their cell phones and other electronic communication devices to school, students consent to the search of said devices by school staff when the staff determines that such a search is reasonable or necessary.

Students may not have cell phones or electronic devices on while they are in locker rooms or restrooms.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, e-mailing, etc.) may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution and possible inclusion on sex offender registries.

While on school property, as a school activity or in a school vehicle, students may not use their cell phones or electronic devices to bully, harass or intimidate any other person.

Students shall be personally and solely responsible for the security of their electronic devices. The district is not responsible for theft, loss or damage of any electronic device, including or any calls or downloads.

Students who violate this policy will have their cell phones or electronic devices confiscated immediately. The administration will return confiscated devices to the parent or guardian of the offending student, after meeting with the parent or guardian to discuss the rule violation. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

6031 Emergency Exclusion

Grounds for Emergency Exclusion

Any student may be excluded from school in the following circumstances subject to the procedural provisions governing short term suspension found elsewhere in these policies or state law:

(a) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or

(b) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers that prompted the exclusion.

Extension of Exclusion

In the event it is appropriate to consider the extension of an emergency exclusion (exclusion) of a student for more than five school days. Pursuant to the Student Discipline Act, the principal has the authority to exclude a student from school for five school days on an emergency basis. If the superintendent or superintendent's designee determines that it is appropriate to consider the extension of an exclusion beyond five days, such consideration shall be considered according to the procedures set forth below.

Notification of Student's Parent(s) or Guardian(s). The superintendent or the superintendent's designee shall notify the student's parent(s) or guardian(s) that the principal has proposed the extension of the exclusion. If the initial notice is oral, the superintendent shall confirm it in writing.

Opportunity to Request a Hearing. The student's parent(s) or guardian(s) may submit an oral request for a hearing on the proposed extension of the exclusion within two school days of receiving the initial notice. If the initial

request for a hearing is oral, they shall confirm the request in writing.

Failure to Request a Hearing. If the parent(s) or guardian(s) do not request a hearing within two school days of receiving oral or written notice, the proposed extension of the exclusion shall automatically go into effect.

Appointment and Qualifications of a Hearing Examiner. If the parent(s) or guardian(s) request a hearing, the superintendent shall appoint a hearing examiner upon receiving a request for a hearing. The hearing examiner may be any person who did not bring charges against the student, is not to be a witness at the hearing, and has no involvement in the charge.

Hearing Examiner's Notice to Parent(s) or Guardian(s). The hearing examiner shall promptly give written notice of the time, date and place of the hearing. The hearing will be held within five school days after the school district receives the initial oral or written request; provided, the hearing may be held more than five school days after receipt of the request upon a showing of good cause. No hearing will be held on less than two (2) school days' notice unless otherwise agreed to by the student's parent(s) or guardian(s) and school officials.

Continued Exclusion. If a hearing is requested, the principal may determine in his or her sole discretion that the student shall remain excluded from school until the hearing officer makes a recommendation to the superintendent.

Examination of Student's Records and Affidavits. Prior to the hearing, the student and his/her parent(s) or guardian(s) shall have the right to examine and have school officials explain the student's records and any affidavits that will be used by school officials at the hearing.

Attendance at Hearing. The hearing may be attended by the hearing examiner, the principal (or designee), the student, and the student's parents or guardian(s). The student may be represented at this hearing by a representative of the family's choice.

Student's Witness(es). The student and his/her parent(s) or guardian(s) may ask any person with knowledge of the events leading up to the sanction or with general knowledge of the student's character to testify on behalf of the student. If school personnel or other students are requested to testify by the student's parent(s) or guardian(s), the hearing officer shall endeavor to help obtain the presence of such witnesses at the hearing.

Right to Know Issues and Nature of Testimony. The student and his/her parent(s) or guardian(s) have the right to request in advance of the hearing the issues which the administration will propose in support of the extension, and the general nature of the testimony of any administrative or expert witnesses.

Presence of Student and Witnesses at the Hearing. The student and witnesses may be excluded at the discretion of the hearing examiner in accordance with state statutes. The student may speak in his/her own defense and may be questioned on such testimony, but may choose not to testify.

Sworn or Affirmed Testimony. The principal or his or her designee shall present evidence supporting the recommended extension of the exclusion. Witnesses will give testimony under oath of affirmation, and may be questioned.

Hearing Examiner's Report and Recommendations. The hearing examiner shall prepare a report of his or her findings and recommendations, and forward the report to the superintendent.

Superintendent's Decision. The superintendent will review the hearing examiner's report and determine whether to extend the exclusion. He or she shall have the decision delivered or sent by registered or certified mail to the student, student's parent(s), or guardian(s). If the superintendent decides to extend the exclusion, the extension will take effect immediately.

Restraint and Seclusion of Students

Restraint and seclusion are behavioral interventions, not educational techniques. They are limited to exigent circumstances and situations that necessitate their use to protect the safety of the student, other students, staff and property. When used as safety intervention, they should be used as methods of last resort. When used as behavior intervention, they must be used according to the terms of this policy.

This policy does not cover interventions such as voice control, limited to loud, firm commands; time-limited ignoring of specific behaviors; brief physical prompts to interrupt or prevent a specific behavior; physical interventions which a student's health care provider has indicated are medically necessary for the treatment or protection of the individual; or other similar interventions.

I. Seclusion

A. Definition

1. Seclusion is a last resort emergency safety intervention that provides an opportunity for the student to regain self-control. Seclusion is the confinement of a student in a room or other space from which the student is physically prevented from leaving and which provides for continuous adult observation of the student.
2. A room or area used for seclusion:
 - a. must not be locked;
 - b. must not prevent the student from exiting the area should staff become incapacitated or leave that area;
 - c. must provide for adequate space, lighting, ventilation, viewing, and the safety of the student.

B. Timeout

1. Timeout is a behavior intervention in which a student, for a limited and specified time, is placed in an environment where access to positive reinforcement is unavailable.
2. Timeout should not be confused with seclusion because a student's movement in a timeout setting is not physically restricted.
3. Timeout lies within a continuum of procedures that help students self-regulate and control their behavior.

- C. Seclusion is inappropriate for students who are severely self-injurious or suicidal.
- D. Time and Duration
 - 1. Emergency seclusion should be used only as long as necessary to allow a student to regain control of his/her behavior, but generally:
 - a) Elementary school students – no longer than 15 minutes; and
 - b) Middle and high school students – no longer than 20 minutes.
 - c) If an emergency seclusion lasts longer than the suggested maximum time, the staff member should:
 - (1) summon additional support (e.g., change of staff, introducing a nurse or specialist, obtaining additional expertise); and
 - (2) document the need to explain the extension beyond the time limit.

E. Staff Requirements

While using seclusion, staff must:

- 1. involve appropriately-trained key identified personnel to protect the care, welfare, dignity, and safety of the student;
- 2. continually observe the student in seclusion for indications of physical distress and seek medical assistance if there is a concern; and
- 3. document observations.

II. Restraint

There are three types of restraint: physical, chemical, and mechanical.

A. Physical restraint involves direct physical contact that prevents or significantly restricts a student's movement.

- 1. Restraint is a last resort emergency safety intervention. Restraint is an opportunity for the student to regain self-control.
- 2. This policy on physical restraint is not intended to forbid actions undertaken:
 - a. to break up a fight
 - b. to take a weapon away from a student
 - c. to hold a student briefly in order to calm or comfort

- d. to escort a student physically from one area to another location within the school building
- e. to assist a student in completing a task/response if the student does not resist or resistance is minimal in intensity or duration.
- f. to hold a student briefly in order to prevent an impulsive behavior that threatens the student's immediate safety (e.g., running in front of a car).

B. Chemical restraint is the administration of medication for the purpose of restraint.

- 1. The school district will not, under any circumstances, engage in chemical restraint.
- 2. Chemical restraint does not apply to medication prescribed by and administered in accordance with the directions of a physician.

C. Mechanical restraint means the use of any device or material attached to or adjacent to a student's body that restricts normal freedom of movement and which cannot be easily removed by a student.

- 1. Mechanical restraint does not include:
 - a. an adaptive or protective device recommended by a physician or therapist (when it is used as recommended).
 - b. safety equipment used by the general student population as intended (for example, seat belts, safety harness on school transportation).

III. Limitations in Use

- A. Seclusion and/or restraint shall not be used:
 - 1. for the convenience of staff;
 - 2. as a substitute for an educational program; or
 - 3. as a form of discipline/punishment.

IV. Recurring Behavior

- A. If a pattern of behavior emerges, or is anticipated, which may require the use of emergency seclusion, the school personnel must:
 - 1. conduct a functional behavioral assessment;

2. call a meeting of the student's IEP team to develop or revise a positive behavior intervention plan to facilitate the reduction or elimination of the use of seclusion and/or restraint

B. Given the limited size and training of the school district's staff, students whose behavior routinely requires seclusion and restraint may not be able to be served in the school district and may require a placement out of the school district.

V. Prohibited Practices

A. The following are prohibited under all circumstances, including emergency situations:

1. corporal punishment;
2. the deprivation of basic needs;
3. anything that constitutes child abuse;
4. the seclusion of preschool children; and
5. the intentional application of any noxious substance(s) or stimuli which result in physical pain or extreme discomfort

Concussion Awareness

The Nebraska Unicameral has found that concussions are one of the “most commonly reported injuries in children and adolescents who participate in sports and recreational activities and that the risk of catastrophic injury or death is significant when a concussion or brain injury is not properly evaluated and managed.”

The School District will:

- a. Require all coaches and trainers to complete one of the following on-line courses on how to recognize the symptoms of a concussion or brain injury and how to seek proper medical treatment for a concussion or brain injury:
 - Heads UP Concussions in Youth Sports
 - Concussion in Sports—What You Need to Know
 - Sports Safety International
 - ConcussionWise
 - ACTive™ Athletic Concussion Training for Coaches; and
- b. On an annual basis provide concussion and brain injury information to students and their parents or guardians prior to such students initiating practice or competition. This information will include:
 - 1 The signs and symptoms of a concussion;
 - 2 The risks posed by sustaining a concussion; and
 - 3 The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

- a. has been evaluated by a licensed health care professional;

- b. has received written and signed clearance to resume participation in athletic activities from the licensed health care professional; and
- c. has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity, the parent or guardian of the student will be notified by the school of:

- a. the date and approximate time of the injury suffered by the student,
- b. the signs and symptoms of a concussion or brain injury that were observed, and
- c. any actions taken to treat the student.

The school district will not provide for the presence of a licensed health care professional at any practice or game.

School officials shall deem the signature of an individual who represents that he/she is a licensed health care professional on a written clearance to resume participation that is provided to the school to be conclusive and reliable evidence that the individual who signed the clearance is a licensed health care professional. The school will not take any additional or independent steps to verify the individual's qualifications.

Students who have sustained a concussion and returned to school may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff until the student is fully recovered. The school's "return to learn protocol" shall be the guidance provided by the Nebraska Department of Education entitled "Bridging the Gap from Concussion to the Classroom," and accompanying materials and future supplements.
