

Griffin Spotlight

Terry Arnold

School Role: Science Teacher

Number of years in role: 33

Number of years at D-O: 15

Where did you attend High School: Litchfield Nebraska

STUDENT ADVICE

Be involved. School is all about learning and you can learn so much when you are involved in different clubs, sports, and activities. Little kids love to learn, and we seem to lose that desire at some point. Choose to learn and become the best version of yourself that you can possibly be!

WALK-UP SONG

Our God is an Awesome God

FAVORITES

Food/Restaurant: One clear choice....
HuHot!

Movie:

Armageddon. It has everything - action, suspense, comedy, romance, and a great cast.... only movie you need to watch!!!

Sports team:

St Louis Cardinals, San Francisco 49ers, I can finally be a Lakers fan again since Lebron left, and anything HUSKERS!!!

Hobby/Activity:

I love spending time with my family - I know, very cliché, but true. I also enjoy watching sports. Unfortunately, about the only sport I play anymore is golf, which I really enjoy. I also enjoy working with wood, whether it be construction related or cabinet making type of things.

School Memory:

I have a lot of good memories from sports. It doesn't matter whether I was a player or a coach; sports are something special where you really have a chance to bond and become a family, and it brings out great memories. However, my favorite memory is when I had a former student reach out to me and thank me for laying the foundation for them while they were in school, so that he could develop a relationship with Jesus later in life. As a teacher and coach, we don't always see results right away, but finding out from someone later in life that you made a difference in their life makes me want to keep teaching!!!

Best Part of Being a Griffin:

I really like Diller-Odell because we are family. Just like a family, we sometimes get on each others nerves a little bit, but I think we all care about each other and support each other in the end. It's a great place to come and be a part of something more than what I can be by myself.
