

BCHHC Immunization Clinic

4800 Hospital Parkway
Beatrice, NE 68310
402-223-6515

Dear Parent or Caregiver,

BCHHC Immunization Clinic will be offering the seasonal flu vaccine at your child's school on

As in past years we have enjoyed coming to your child/children's school to administer the flu vaccine. The more people immunized will help reduce the spread of the flu. We realize that the flu shot does not guarantee to protect 100% against getting the flu, but it will greatly reduce the length and severity of symptoms should you get the flu.

BCHHC Immunization Clinic will only be offering the injectable vaccine again this year. Please be certain to talk to your child so they are aware that they will be getting the shot at the school if you desire.

To have your child vaccinated, please do the following:

1. Complete and Sign the Permission Form

You must complete the attached Permission Form and answer **ALL** the screening questions. Return the completed form to your child's school. **Children without a completed and signed consent form will NOT be immunized. All questions must be answered.**

- **The form must be returned 2 weeks prior to Flu Vaccine Day.**

2. Insured?- Just include a copy of your Insurance or Medicaid/Medicaid Managed Care Cards. We will bill your insurance company for the vaccine. **If no card given or on file we cannot administer the flu vaccine.**

Children under the age of nine who have never been given a flu vaccine before, or did not receive two doses the year before will need a second booster. Our nurses will review your child's record and will let you know if a booster is needed.

If you or your child is set up in One Chart, this appointment will be viewable in Upcoming Appointments. You may get a call or a text reminder.

If you have no insurance, then you may receive a bill for up to \$19.82. For more information, please contact BCH Billing at 402-228-3344.

If you need a flu shot, or know someone who needs one, and are unsure where to go please give us a call! The flu shot protects both you and those you love!

Sincerely,

Megan Borzekofski, RN Immunization Coordinator
Brittany Kotas, RN Immunization Coordinator
Chelsea Larmeu, RN Immunization Coordinator
